AUTHOR: EMFS
STRATEGIC REFERENCE/S: Nil
DISCLOSURE OF INTEREST: Nil

SUMMARY:

To receive the Shire's Information and Communications Technology (ICT) Disaster Recovery Plan, which has been developed in collaboration with the Shire's IT Consultants, Sapio Pty Ltd.

BACKGROUND & COMMENT:

The risk that the Shire does not have a Disaster Recovery Plan in respect to information technology systems has been listed as a significant item in the Shire's financial audit management letter for the past three years.

An Information and Communications Technology (ICT) Disaster Recovery Plan (DRP) has been developed in collaboration with the Shire's IT Consultants, Sapio Pty Ltd. The DRP ensures that in the event of a disaster, appropriate and effective recovery actions can be taken promptly to reduce interruption to Shire operations.

In the event of an ICT related disaster, management would work closely with Sapio Pty Ltd to ensure the Shire returns to normal business operations as soon as possible. Examples of an ICT disaster event include servers being physically destroyed or held to ransom, a building housing IT equipment being destroyed, or the internet and telephone network being inaccessible.

The DRP maps and describes our ICT network, identifies key stakeholders and steps through the actions to be taken in the event of an ICT disaster. The DRP has been written so that any IT expert could assist the Shire in the event of a disaster.

The DRP is a moving document which will be reviewed, updated, and tested annually. This review and testing process has been added to the Shire's compliance calendar. Initial testing of the DRP will be conducted this month.

9.6 Policy Amendment – A14A Sale of Land and Housing

RESPONSIBLE OFFICER: CEO
FILE REFERENCE: 05.19
AUTHOR: EMFS
STRATEGIC REFERENCE/S: Nil
DISCLOSURE OF INTEREST: Nil

SUMMARY:

That Council amend Policy A14A Sale of Land and Housing to clarify the process of selling blocks of vacant land.

BACKGROUND & COMMENT:

Council has not sold a vacant block of land for several years. Recent interest received from the public regarding vacant land for sale has triggered a review of Policy A14A Sale of Land and Housing. The policy has been amended to clarify the process and ensure the requirements of s3.58 of the *Local Government Act 1995* (the Act) are met.

The Policy requires the CEO to report regularly to Council opportunities for sale of land and housing. It is proposed that the policy operates in conjunction with the Reserve Price of Vacant Land Report. This report will be adopted by Council setting the reserve price of vacant blocks of land every six months in accordance with the Act. Previous versions of the policy disclosed the reserve price/market value for vacant blocks of land. This price was also published on the Shire's website and on information sheets distributed to prospective buyers. The reserve prices will no longer form part of the policy but will be contained in the Reserve Price on Vacant Land Report.

The Policy gives staff a clear procedure for selling vacant blocks of land and housing.

1. Prospective buyers will be given REIWA Contract for Sale of Land or Strata Title by Offer and Acceptance
2. The CEO has delegation to accept an offer if it meets the reserve price set out in the Reserve Price on Vacant Land Report or is not less than 10% of the current market valuation. All other offers must be accepted by Council.
3. Local public notice of the sale by be published in accordance with s3.58 and any resulting public submissions considered.

Discounts and incentives will be outlined in the Reserve Price on Vacant Land Report.

STATUTORY AND PLANNING IMPLICATIONS:

S3.58. Disposing of property

(iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;

and

(b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.

- (4) The details of a proposed disposition that are required by subsection (3)(a)(ii) include —

9.7 Reserve Price of Vacant Land Report

RESPONSIBLE OFFICER: CEO
FILE REFERENCE: 05.19
AUTHOR: EMFS
STRATEGIC REFERENCE/S: Nil
DISCLOSURE OF INTEREST: Nil

SUMMARY:

That Council adopt the Reserve Price of Vacant Land Report.

BACKGROUND & COMMENT:

The Shire has recently received interest from prospective buyers of vacant blocks of land for sale.

Council policy A14A sets the procedure for selling vacant blocks of land in accordance with s3.58 of the *Local Government Act 1995* (the Act). The Act requires local public notice of any property sales to be given. This local public notice must include the market value of the property being sold. The market value must be ascertained by a valuation carried out in the last 6 months or as declared by a resolution of the local government based on a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.

Under Delegation A.14 Disposal of Vacant Land, the CEO has delegation to dispose of vacant land in accordance with s3.58 of the Act and with a disposal value of not less than 10% of the current market valuation.

The Reserve Price of Vacant Land Report lists all vacant blocks of land currently for sale along with the last independent valuation of each block. It also lists a proposed reserve price which reflects Council's view of current market value of each block taking into consideration the last independent valuation and other factors such as recent sales history.

If an offer to purchase a vacant block of land is received which is above or not less than 10% below the reserve price in the Reserve Price of Vacant Land Report the CEO has delegation to sell the land. All other offers will need to be approved by Council.

The Reserve Price of Vacant Land Report also list the discounts and incentives offered to prospective buyers.

5. Presentation

Alex MacKenzie provided an overview and analysis of the housing shortage in the wheatbelt region and outlined what the Wheatbelt Development Commission (WDC) is doing to assist.

WA Regional Property Context

- REIWA estimates current shortfall of approx. 25,000 houses across WA with 6,000 in regional areas
- Housing Australia projected national housing shortfall >175,000 by 2026
- Master Builders estimate >26,000 workers needed in industry over next 2-yrs including >6,000 trades people in regional WA
- Urbis estimates 33% decline in regional WA's residential construction workforce over last 10-years
- Investment in regional residential land development down 93% since 2018
- Urban Development Institute of Australia population growth context – WA currently seeing 8 arrivals for every 2 houses built.
- State land development ~350 lots per annum.

Wheatbelt Housing: current situation

- Estimated unmet housing demand >500 workers (economic opportunity)
- cost of up to \$265,000 per worker)
- Rental supply <1% (1 house per 4 towns)
- Between 2016-2022 <1.5% of land approved for residential subdivision was developed into titled lot
- On average, 300 new houses and 30 lots developed each year with 80% of new supply occurring in just six of the Wheatbelt's 42 LGA (growth focused on the coast and peri-urban areas)
- High costs of land development and construction (relative to underlying land value) with average feasibility gap of \$150,000 per dwelling and >\$70,000 per lot
- Loan to Value Ratios >80%.
- The majority of the region's towns are in a market-failure situation despite high demand. Shire's aggregating housing demand to stimulate investment

Wheatbelt Development Commission can assist Roe ROC shires to develop a needs analysis and business case addressing issues such as:

- Restrictive Planning
- Infrastructure Capacity
- Servicing Limitations
- Feasibility
- Finance Barriers
- Reduce Costs
- Enable Project Ready Land
- Get Regulatory and Planning Settings Right
- Incentivise Investment
- Improve the Value Proposition
- Inform, Advocate and Motivate Decision Making

Estimated cost for each council is likely to be \$8,000 - \$10,000 and WDC may be able to offer a contribution of \$20,000 - \$25,000.

Alex MacKenzie responded to questions from delegates and left the meeting at 1:41pm.

Action: R McCall offered to work with WDC to develop a scope and cost estimate for a needs analysis and business case based on a similar approach from other groups in the wheatbelt region.

Roe ROC delegates agreed to meet again in approximately a month time to review the proposal which will allow time for CEOs to discuss plans with their Councils before the next meeting in June.

Minutes of the Roe ROC Meeting held 16 November 2023 (Attachment 5.1).

RESOLUTION

7. Matters For Decision

7.1. Financial Report

Financial report for Roe Health Scheme and Bending Waste Site are provided in Attachment 7.1.

RESOLUTION

Moved: Cr. S Stirrat

Seconded: Cr. B Smoker

That the financial report for the Roe Health Scheme and Bending Waste Site prepared by the Shire of Corrigin for the period ended 29 February 2024 be received.

Carried

7.2. Bending Waste Site

Avon Waste have provided a draft Operations Plan that is based on the Northam Landfill plan. The plan provides guidance on issues such as site safety, communication and access.

Lock box has been installed at front gate and code issued to Brendon Gerard, EHO. New gate keys have been issued to each shire.

Lauren and Karen visited Avon Waste in March 2024 to discuss the waste tonnage spreadsheet and refine information provided to shires on tonnages.

Site Works

Thank you to the Shires of Kondinin and Kulin for the site works and carting gravel for the new pit in stage 1. Avon Waste were very pleased with the new cell and commented that it is well beyond expectations and the cost of work was below budget estimates.

The new pit will allow trucks to unload safely even in the wettest of months and is expected to last approximately 12 months

The working group have identified the area shown in red below as suitable for the next cell.

Avon Waste have indicated that construction of this cell in September/October 2024 would be ideal. This new cell as proposed will have more capacity to the new pit beside it and is expected to last for at least another 12 months.

The landfill could continue in a similar way across Stage 1 of the landfill site and would allow the final capping to be done methodically as the old cells are finished.

Action: B Gerard, EHO, request quote for Talis to revise the Landfill Management Plan (July 2022) to reflect the decision to stay in Stage 1 for longer and in consultation with Working Group and Avon Waste.

Separating Inert Waste

Roe ROC delegates supported the Working Group suggestion that the inert waste such as concrete, pipes, building rubble rocks, etc be separated from the general putrescible waste. B Smoker suggested that the inert material could be stockpiled and crushed if enough to make it financially viable or used to make bund walls. *Note: Avon Waste estimated a viably quantity to be approx. 100 tonne.*

Action: Working Group, Avon Waste and Talis be consulted to determine the most suitable location for inert waste/ recyclable building rubble.

Area identified by Avon Waste and Working Group in July 2023 shown in orange below. Preference for open ended trench to allow easy access for side tippers.

Meeting discussed other potential locations including hard stand area shown in blue and gravel pit area shown in purple below:

Weighbridge

Roe ROC delegates supported the suggestion by B Smoker that the group investigate the cost of getting the weighbridge working and develop a regular maintenance and calibration schedule.

Action: L Pitman, EHO, review previous notes to identify issues and obtain costs associated with getting the weighbridge working and bring back to working group for consideration prior to the June meeting for further discussion.

Bendering Waste Site Visit- March 2024

Roe ROC delegates, CEO’s, Works Managers and Environmental Health Officers attended a site meeting on 11 March 2024 to view the recent work at the waste site. Visitors to the site agreed the new cell and site works are excellent.

Visitors from North Eastern Wheatbelt ROC also attended. Following the visit, the Executive Officer, Caroline Robinson, thanked the Roe ROC for hosting their group at Bendering and Narembeen.

RESOLUTION

Moved: Cr. K Mouritz

Seconded: Cr. S Stirrat

That

1. the 2024/2025 Fees and Charges for Bendering Waste Site be increased by the Perth March 2024 CPI (4.1%), rounded to the nearest dollar as proposed in Table 1 above.
2. Any work carried out at the Bendering Waste Site by the Shires of Corrigin Kondinin, Kulin and Narembeen be charged out at the agreed in-house rates for heavy plant (graders/loaders/trucks-semi trailers) at \$130 per hour (ex GST) and light vehicles (utilities/small trucks) at \$75 per hour (ex GST). **Carried**

Delegates agreed to the following actions:

- remove the fee for gravel as it would be needed for future cover material for capping cells.
- the Shire of Corrigin may need to adjust the administration/supervision fee when adopting the annual budget to ensure it covers the hourly staff cost.
- remove power poles from the Fees and Charges. Power poles are no longer able to be accepted at Bendering Waste site as per advice from Department Water and Environment Regulation. The poles are generally pine or hardwood and have been treated with copper chrome arsenate or hydrocarbon-based solution and may also have other pesticide treatment applications. Due to the high contaminant levels found within power poles, they are generally classified as a Class IV waste, meaning they can only be disposed of to a Class IV landfill such as Red Hill Waste Management Facility.

8. Other Matters

D Burton thanked CEO N Manton as well as EHO's B Gerrard and L Pitman for organising the visit to the Bendering Waste Site recently and noted that the Bendering Waste Site is running better now than it was three years ago.

9. Next Meeting

To be held on Friday 19 April 2024 commencing at 9am via Teams.

Following meeting to be held on 20 June 2024 commencing at 1pm at the Shire of Corrigin chambers. Agenda Items by 10 June 2024.

**AUTOMATIC PAYMENTS HAVE BEEN SPECIFIED
FOR YOUR ACCOUNT.**

We suggest you carefully check all entries on your statement. Apparent errors or possible unauthorised transactions should be promptly reported to us.

The security of your Personal Identification Number (PIN) is very important. To avoid being liable for unauthorised transactions, you should follow the terms and conditions of your account. We also recommend some simple steps to protect your PIN:

- Memorise your PINs and passwords and destroy any communications advising you of new ones. Don't keep a record of your PINs or passwords, in written or electronic form.
- If you choose your own, ensure that it is not something easy to guess like your (or a family member's) birth date, name, phone number, postcode, driver's licence number or numbers that form a pattern.
- Don't tell anyone your PIN, not even friends, family or a bank representative.
- Ensure nobody watches you enter your PIN or password. A good practice is to cover the keypad when you put in your PIN or password.
- Watch out for email, SMS or call scams asking for details relating to your account. If you receive suspicious emails, please contact us immediately.

Please note: These are guidelines only. While following these steps will help you to protect your PIN, your liability for any losses arising from unauthorised transactions is determined in accordance with the ePayments Code. NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the period ended 31 March 2024

Note 1 - Basis of Preparation & Significant Accounting Policies

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Notes 4-11 do not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

Amounts shown above include GST (where applicable)						

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the period that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Note 9 - Borrowings

	Budget				Actual			
	Principal	Principal	Principal	Interest	Principal	Principal	Principal	Interest

	883,702	99,144	784,558	32,626	883,702	49,196	834,506	15,077

KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

All land (other than exempt land) in the Shire of Kulin is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Kulin.

The general rates detailed for the 2022/23 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

A14A SALE OF LAND and HOUSING

Administration

PREAMBLE: As the owner of a variety of residential and semi-rural land, benefits accrue to the Shire with every lot sold. In terms of housing stock, the Shire of Kulin has adopted a practice of turning over nominated housing stock on a regular basis, with an aim of maintaining the asset class at the lowest life cycle cost.

OBJECTIVE: To clearly detail the processes of sale.

PRACTICE/PROCESSES:

The CEO shall report regularly to the Council opportunities for the sale of land or housing.

For vacant land for sale, the report is in the form of the Reserve Price of Vacant Land Report (the Report). The reserve price in the Report will be set equal to or approximately equivalent to the most recent market valuation provided by an independent valuer and taking into account recent sales data.

The Report will be adopted by Council in April and October each year to set the reserve price each block of land for sale, along with any incentives offered by Council. This meets the requirements of s3.58(4) of the *Local Government Act 1995* which requires the market value of properties to be disposed to be ascertained by a valuation less than 6 months old or declared by resolution of Council if the valuation is more than 6 months old.

For other property for sale, the CEO will report to Council containing the proposed reserve or disposal price for each asset for sale based on an independent valuation less than 6 months old.

Where a property is to be sold by private treaty or public tender, Section 3.58 (3) of the Local Government Act 1995 will apply as follows:

1. The offer will be in a form that can be accepted. For vacant land and house sales by private treaty this will be in the form of a REIWA Contract for Sale of Land or Strata Title by Offer and Acceptance;
2. The CEO has delegation to accept an offer for a sale of vacant land if it meets the reserve price set out in the Reserve Price of Vacant Land Report or is not less than 10% of the current market valuation. All other offers must be accepted by Council.
3. Local public notice must be given for the sale in accordance with s3.58(3).
4. The CEO must consider any submissions received under s3.58(3). If necessary, the sale will need to be approved by Council.
5. If no submissions are received and the offer meets the requirements outlined above, the CEO can then accept the offer
6. A deposit amount of \$10,000 is to be paid by the prospective purchaser upon acceptance of the offer to purchase being made, with the balance payable upon settlement;

The Shire offers additional incentives such as discounts on completion of the build and site works such as construction of house pads. The value of these additional incentives for each block of vacant land are detailed in the Reserve Price of Vacant Land Report.

DELEGATION:

A.14 Disposal of Vacant Land. All other property sales must be approved by Council.

HEAD OF POWER: Local Government Act 1995

RESERVE PRICE OF VACANT LAND REPORT

APOG Policy A14A sets out the requirements and process for selling vacant land.

This Reserve Price for Vacant Land Report must be adopted by Council every six months (April and October) to set the reserve price for each block of vacant land in accordance with s3.58(4) of the *Local Government Act 1995*. The reserve price is based on Council's view of the current market value of each block of land, which takes into consideration the last independent valuation and other factors such as recent sales history.

Council offers a discount on sales of vacant land in Proudview Estate as outlined in the table below. The discount is refunded to the purchaser when the property is completed (at lock up stage) and if construction starts within 18 months of settlement.

In addition, Council offers site works up to the value in the table below. Site works can include house and shed pads, earthworks, septic etc. The site works will only be offered if construction starts within 18 months of settlement.

The table below shows the vacant blocks of land for sale.
