Welcome back to another CEO Corner for 2019, nearly half way through November already and harvest is well and truly fired up. We've already had a few harvest bans to stall the progress and it looks like another hot weekend ahead. I'd like to thank everyone for their patience and understanding so far with the harvest bans this early in the season. What we've seen over east the past week, how the conditions and dryness of the current season provides a timely reminder of how fragile and susceptible our environment is to devastating and destructive fire. Hopefully harvest continues this summer in a safe manner without too many fire incidents.

The warm weather has certainly brought a busy start to the Kulin Aquatic Centre season. From all reports Jones is starting to make his mark and getting to know people throughout the community. Great to see Swimming Club has already cranked up. Any teenagers with appropriate qualifications looking for some summer pocket money are encouraged to contact Jones directly with regard to assisting as Water Slide Attendants.

What a Super Saturday it was for our summer sports teams last weekends. Wins all round to the tennis, bowls and cricket on a rather warm and windy afternoon. It was great to see so many community members down at the Kulin Oval, Tennis Courts and FRC supporting our sports teams. A big congratulations and thanks to the Tennis Club for taking the initiative to put on a BBQ for the teams and supporters. Thanks Ash, Jack, Megan and Wendy for the meal preparation and exemplary service, as well as Em and Tinny for their organisation in the background, a great night was had by all. Hopefully Bowser has managed to get through the potato bake he forgot to bring as part of his salad contribution to the evening.

Many of you may be aware that our illustrious Camp Kulin Manager – Tanya – is unfortunately on extended personal leave for the next 3 months over summer. On behalf of all Shire staff, Council and the community I wish Tanya well in her treatment and recovery. Council, Shire staff and remaining Camp Kulin staff are in the process of determining an appropriate course of action regarding the operation of Camp Kulin over the summer of 2019/20 in Tanya's absence. At this stage no decision has been made regarding the operation of Camp Kulin over the summer, as the Shire continues to gather information over the next two weeks in its endeavours to make an informed decision.

Next week I have been asked to represent Council at the ALGA National Local Roads Congress. This will be in Hahndorf, South Australia. Issues discussed at this conference correlate directly to the Wheatbelt Secondary Freight Network Project for which I have been the Project Technical Director for the past 3 years. Specific items on the program that are of interest to myself and regional Councils such as Kulin are: The State of Australia's Infrastructure to be outlined by Infrastructure Australia, Heavy Vehicle National Regulatory Review and an address by the Deputy Prime Minister, who is also Minister for Infrastructure, Transport and Regional Development and has been instrumental in seeing the Federal Government put upwards of \$80M of funding toward the WSNF.

Next week Council Meeting will be on Thursday 21st November instead of its originally scheduled date of Wednesday 20th November.

Until next time safe travels.

Garrick Yandle
CEO

Firebreaks

Firebreak Inspections will be undertaken at the start of November 2019. Fines will be issued for non-compliance.

The section of the firebreak order that applies to townsite land is as follows:

“Land Area less than 1 hectare:-

- All hazardous material must be removed from the whole of the land except living trees, shrubs and plants. In the remaining area all vegetation is to be maintained to a height of no greater than 100mm, and;
- It be recommended that at least a 2m wide area, immediately within the external boundaries of the lot, be clear of all flammable material except for living trees, plants and shrubs.”

For information any land of one hectare or above the rural provisions apply.

Your support and cooperation on this matter is greatly appreciated.

If you require further information or would like the shire to help in anyway (fees may apply) please contact Judd Hobson on 0427 801 241.

VEHICLE IDENTIFICATION STICKERS

Shire of Kulin's Bushfire Brigade AGM agreed to investigate and arrange for supply of DFES VIS (Vehicle Identification Stickers) to be issued to all relevant Brigade members with appliances and all Fire Control Officers. These stickers on vehicles and water tanks allow bushfire personnel to pass WA Police road blocks when attending a fire incident. On those occasions when WA Police have been requested to create a road block – they are required not to let any personnel through. Instances where fire respondents have also been turned away from assisting in fire control measures resulted in DFES and WA Police adopting a sticker based system to ensure the correct vehicles are allowed entry.

The Shire has now obtained stickers which expire in Sept 2020. These are available by collection from the Shire Office, please call in to collect yours from Trish when you are next in town.

WHEATBELT WOMENS UNITED *Melbourne Cup Lunch*

Even with the short notice, we still had a great turnout at the Melbourne Cup Luncheon! It was a great day and we would like to thank everyone who came out for lunch and enjoyed the races with us.

Just a few thanks for the day:

To Amy at Acres of Taste for the catering; it was divine!

To the ladies at the Flower Farmacy for donating the Door Prize,

To everyone who helped with setting up, it looked beautiful

The Kulin Childcare Centre are very grateful for the funds raised through the Sweeps.

Fun in the Sun Picnic

On Tuesday we were at the Kulin Childcare Centre for our Children's Week Picnic for the younger kids. Organised chaos is one way to describe the morning; there were kids everywhere! We had dancing, hula hoops, an obstacle course, bubbles and some yummy healthy snacks!!

Thanks to everyone who helped make this day possible and all the kids and parents that came down, it was a fun filled morning!!

Kids Fun Day at the Pool!

On Wednesday we were down at the Kulin Aquatic Centre for our Children's Week day for the older kids; the sun was shining, the water-slide was open and the inflatables were up! The kids had a blast and there was a colourful array of snacks! Thanks to everyone who turned out for this event, it was a great afternoon!!

Special thanks to Jones who made this day possible, and for getting the inflatables up and running!

CHILDCARE HAPPENINGS

At childcare we have been learning about sustainability and recycling. The children have been very enthusiastic, getting involved in upcycling of scrap material into bowls to store our toys, making our own nature confetti from leaves and scrap paper and tending to our garden to reduce water waste. We

have been exploring our towns' awesome RV area and nature walk while discovering what is in our community. Thank you to everyone who has donated recyclable materials lately; it is greatly appreciated. We are still looking for pairs of old jeans. If you have any that you are going to chuck out PLEASE think of us before you do.

Lions Looking After Local

As somewhat of a “newbie” to the town of Kulin I was surprised to hear that we had a local Lions Club. As with most people who volunteer, the Kulin Lions aren’t in it for the fame or fortune. They see themselves simply as people who are in a position to help others.

He never even noticed! Good job Tim

Not only do they have their famous sausage sizzles, collecting cans and batteries and working on improving the general town site. They also do many tasks that most people wouldn’t even hear of.

Who needs a tape to measure when we can have “this much”

Site Manager Ronan keeping us reigned in

One of our locals, Mrs Dunham, needed easier access to her home. So many options were considered: Should we get her a ramp? Does the ramp need to turn in order to fit? Should we install an elevator or a flying fox?

In the end it was decided that some strapping young men would go to her address on one Saturday morning to install new railings (apparently a flying fox was too much). So off they went, the strapping young men, to help out a local. Funnily enough it was the troublemakers who came down as they needed to gain some brownie points; Rob Doust, Haydn McInnes, Tim Barndon, John Munro and little Ronan (to keep the boys on track).

With a quick hello they were off! Holes were dug, tow balls were used to bend metal, sand was carried, cement was filled, holes were drilled and sparks were flying, and not between the boys! After a few mishaps with the drill and miscommunication about the spanner size, the job was done!

Rob showing his flexibility skills

The fancy new hand rails

Now all that’s left is the painting job and our guys are the best artists in the business!

With the hard part done Mrs Dunham and Pam paid us in the best currency there is: homemade pastries! Honestly I think it took longer to have our cuppas, eat the food and have good conversation

than it took for man to get to the moon! But in the end seeing Mrs Dunham’s reaction made our day. Well, that and the pastries.

Emily MacPherson

Job done!

WAMAWARDS 2019 HALL OF FAME INDUCTEES & PERFORMERS ANNOUNCED

'THE SCIENTISTS'

One of the most influential post-punk bands to come out of WA, The Scientists had 2 primary incarnations: The Perth based punk band of the late 1970's and the swamp-rock band of the 1980's.

With a sound that was swampy, primal and modern-urban all at once – as much in tradition of the rock'n'roll and punk rock as it was a rejection of those things, The Scientists formula was as universal as it was specific to their own experience. They were about the experience of being young and living in modern times in an Australian urban / suburban environment. The themes of getting wasted on alcohol and drugs, driving round in hotted-up cars, being trapped in mundane jobs and paranoia were their subject matter. Machine throb bass and drums with jagged car wreck guitars were The Scientist's modus operandi. Fitting into no place of time, they spurned all but the most rudimentary and elemental of rick structures along with other people's modes of embellishment. The Scientist rejected the contemporary sound and look, so consequently were never able to carry around baggage that would allow them to date.

Throughout The Scientist's legacy, there has been no shortage of bands who have paid tribute to them in their own music. Mudhoney, Nirvana et al, Jon Spencer, the Von Bodies, The White Stripes and The Drones are among a long list of artists to cite influence and inspiration from The Scientist.

SHEARING - Now.

'Today's sheds are steel, with good pens and yards (that can keep the sheep dry overnight) and makes the shearing easier. The sheds are connected to the electricity grid. There are hydraulic wool presses

and electric shearing motor systems. Some sheds have raised boards to make the work easier for the shed hands. Shearers now use 'wide' combs and cutters which were introduced from New Zealand in the early 1970's and met locally by

farmers with considerable resistance. Shearers were used to 'narrow' gear and the wider gear require skill and different techniques. Most shearing today is done on a full contract basis where the contractor supplies shearers (full time professionals), shed aids, wool pressers, wool classers, and food (and accomodation) for the workers.' - Bill

OUR NEWEST LOCAL TEAM MEMBERS

Call (08) 9880 2556 to book in with our experienced staff.

STEVE KEMPTON AUTO ELECTRICIAN & HD MECHANIC

- Qualified Automotive Electrician
- Qualified Heavy Diesel Mechanic

After completing his Automotive Electrical Trade, Steve went on to complete his second trade and carried out a Heavy Diesel Apprenticeship in 2010 at Greenline Ag. With the help of his Wife, Hailey, Steve later opened the doors of his own business in Bakers Hill. Steve made the decision to join McIntosh & Sons team in September and now has hopes to eventually move his family to Kulin. His technical knowledge and experience makes him a valued and versatile addition to the McIntosh & Son Kulin team.

JOHN COSTELLO FABRICATOR, 1ST CLASS WELDER & HD M/A APPRENTICE

- Qualified in Engineering Fabrication Trade
- Qualified 1st Class Welder

Having grown up in the countryside of Ireland, John first came to Australia in 2011. First working for Cunninghams in Three Springs before moving to Kalgoorlie and gaining his permanent residency. John has an active 3 year old daughter to help keep his hands full.

His experience in fabrication will be a real asset to the Kulin region.
