SHIRE OF KULIN

CEO CORNER

Change comes with little steps. A continual progression over the past 18 months to be more supportive of the needs of tourists in the Shire has seen two recent additions to our resources.

Shire has created a 24 hour RV overnight site at Holt Rock, situated at the old tennis courts near the Shire depot/camp – that will soon have advertising detail of the Holt Rock area and sound instruction as to how to make the most of the Tin Horse Highway and the 72 hours RV stop in Kulin.

Additionally, the Shire office is now an accredited Tourist Information service and as a result, new signage, shelving and displays are being installed so that additional tourist information can be presented.

Be the tourist – call in an check out the display.

Kulin Triathlon Cancelled

Please be advised that due to a range of unforeseen circumstances the Kulin Triathlon will NOT be run in 2018. We apologise for any inconvenience caused but we hope to offer a bigger and better event in 2019! Please stay tuned and we look forward to welcoming you to our event next year.

Whats on

March has seen the Rec Centre host several seminars for the community. These events were wonderfully catered for by the Parents and Friends Association as well as Elyse Mullan. Corporate Bowls continued of a Thursday afternoon and evening and was well patronised and enjoyed by all.

The Centre has continued to be utilised by keen social softball and basketball players each week.

The final softball session was held on Tuesday 20th of March and from all accounts all participants had a ball reliving their younger playing days!

Many of you will have enjoyed the Movie Night on Friday 16 March coordinated by Lydia and Rachael at the Community Resource Centre. We hope to be able to work together in the coming months to present similar types of events for the community.

Camp Kulin continue to run their programs and camps from the FRC and it is always nice to hear a buzz emanating from the court space when they are onsite.

As most will be aware there is a pop up Indian Restaurant coming to town. In order to streamline preparation and service for 'A Taste of Punjab', the coordinators of this venture have been in communication with us and negotiated use of the Centre's kitchen facilities for the week in the lead up to the Blazing Swan. So if you smell something wonderful originating from the centre a little bit different to the smells of Winter sport that's the explanation!

Perhaps the most exciting development in March has been the recruitment of a Polish couple to work at the centre. Pawel and Katarzyna (or Paul and Kat to us Aussies!), arrived in Kulin on Monday and hope to be with us for the next few months. As has been the case with previous backpacker couples, they will be responsible for a vast array of tasks both within the Freebairn Recreation Centre and other community sites. When you are next at the bar here or passing through be sure to make yourself known.

Ruth Tyson,
Rec Centre Manager

Ruth works Tuesday, Thursday & Fridays from 8:30am till 3:30pm. If you require assistance outside of these days or hours please contact the shire offices or send Ruth an email on reccentre@kulin.wa.gov.au which she will reply to when available.

Governor Visits Kulin

On Friday 9th March, Camp Kulin was lucky enough to have a visit from Her Excellency The Honourable Kerry Sanderson AC, Governor of Western Australia. Her Excellency came to Kulin to find out more about the program, and meet some of our staff, volunteers, campers, sponsors and local school children.

She was accompanied by Aide De Camp Lieutenant Peter Velterop, Government House Executive Support Manager Emma Clark, Wheatbelt Development Commission CEO Wendy Newman and Driver Craig Gouldthorp. A big thanks to everyone who was part of the visit, Amy from Kulinary Kreations for catering and Tam Davis for taking all the photos for us.

Butlers Garage Museum

Clarrie King

Butlers Garage Museum is the home of an old Hit & Miss stationary engine. The engine has spent most of its life on Strathallen farm west Kulin. Its early history is a little vague, it was probably sold by Joy & Gibsons Perth. We know the engine came to Wickepin by train, then by horse dray to Kulin circa 1915. Later the engine was brought by David King to cut chaff for the team of horses (before 1920). The engine worked at this job for the next 30 years. For the next 70 years it sat on 2 salmon gum logs in the yard at Strathallen.

Under the guidance of Bill Herwig & Clarrie King, the engine has come back to life again and can be seen at the museum on Wednesday and Saturday.

Creative Car Cruise Visits Kulin

Rachael Boyd

The Variety Creative Car Cruise is a boutique cruise for a cause, allowing like minded enthusiasts to show off their prized possessions over a fun-filled four day weekend.

This year the 2018 Variety Creative Car Cruise travelled though the Wheatbelt region and visited Kulin on Friday 16th, stopping at our Freebairn Centre for a billy cart derby and a drink before heading off to their next destination.

This event is about raising funds to help Variety empower WA children who are sick, disadvantaged or have special needs to live, laugh and learn. For more information visit www.variety.org.au

Cairns to Kulin

Lex Cook

Great Australian Bight

Flying from Cairns to Kulin on the 1st of March was Keith Cook and his wife Anita. They came to visit Graham and Lex Cook for a few days and then continued their journey with Graham to Busselton to meet Audrey and Joe and family. The trio then travelled back to Kulin to drop Mr Cook off home. Soon after Keith and Anita were in the air again heading to Perth for more family visits. All up it took Keith 11 days of flying from Cairns and back, taking some beautiful snaps along the way.

A LETTER SEEKING HELP TO FIND FAMILY TIES IN KULIN

**DO YOU HAVE ANY KNOWLEDGE OF
THE FOLLOWING NAMES?**

30-12-2017

Dear Sir or Madam,

I write this as a few years ago my mother Helen Gould received a book " A Bold Yeomanry" by William E. Greble, along with it was the below notes.

"Dear Helen, Here is the book as promised - I hope you find it interesting. Plus a few findings."

I am wondering if you can give me and my younger siblings anymore information on the Truebody's of Kulin. I have spoken to Christine Roads and she gave her permission to use her name. I have some other detail of the Truebody (Trubody) from the U.K including one of our relations on mums side of the family whom drove the Royal Train. AS mum passes away 15th December 2015, it has taken about 6 months before I got this book, going through our mothers stuff. Any help you can assist me with will be accepted with great joy. I am in my mid 70's and don't understand computers.

Many thanks in advance.

Hoping you had a very good and safe festive season.

Yours Hopefully,

90 Years of The Flying Doctor

The Royal Flying Doctor Service is one of the largest and most comprehensive aeromedical organisations in the world, providing extensive primary health care and 24-hour emergency service to people over an area of 7.69 million square kilometres.

After 90 years of service its time to look back on all the RFDS does for those living in rural and remote areas of Australia. Before there was the Flying Doctor there was little medical help for people who lived in places far from cities. If they were seriously injured they had to travel hundreds of kilometres by horse, cart, or camel to reach a doctor. They often died before they got there. The RFDS is constantly working to see that those living in rural and remote areas can enjoy the same health outcomes as those living in city areas.

The RFDS is an vital service to us here in the Wheatbelt and we are extremely grateful for their 90 years of servicing the local and surrounding remote communities.

OUTDOOR MOVIE NIGHT

There was a great turn out for the screening of the CRC's first outdoor movie night of 2018. The featured movie was 'Wonder' and was a huge hit, it made us laugh and may have even made some of us cry. It was wonderful seeing so many people with their blankets, bean bags and some more creative seating options.

The crc is hoping to continue with this event and hope to see even more people at our next movie night.

Kulin Fuel Facility

The Kulin fuel facility will out of order on the 26th & 27th of March due to server updates.

We apologise for any inconvenience this may cause.

KULIN LOCALS CHARGED WITH TRESPASSING

6 local residents have been charged with trespass and other offences after attending the Kulin Swimming Pool after hours. Let this be a stark reminder that alcohol and water should never be mixed.

The swimming pool is strictly off limits to all residents when closed. We are very concerned to learn that this “practice” has been going on for years in Kulin and apparently many members of the community have gone for a swim in the twilight hours. If this practice continues expect to feel the full force of the law. The CCTV cameras at the pool are excellent! You have been warned.

NOISEY PARTIES

We have seen a gradual increase in loud music emanating from some properties in the town into the small hours of the morning recently . Under the Environmental Protection Act Police have the power to seize electronic equipment that produce music.

Please call 131 444 if you have a noisey party/neighbour next door. If diverted to Albany Police please be patient and let them know. We love nothing better than seizing your expensive stereo systems and could do with a new one at the police station anyway!

Thank You!

Simon and I would like to say an ENORMOUS THANK YOU to everyone who helped with the MASSIVE clean up job after the terrible storm that hit us. Plus a HUGE THANK YOU to those who came out to spend the day in the heat dismantling the big, broken shed!

We are so very thankful and grateful to live in this wonderful community. A community where so many men drop everything and change their plans to come and help a neighbour. You bring your gloves, your machinery, your trucks and your sons. Thank you!

The incredible amount of debris that was left from the storm damage had all but disappeared 24 hours later thanks to all the helpers. The shed was down two days later. This could NEVER have happened without the generosity and kindness of our neighbours - our friends.

Thank you so much!
Simon, Janine, Tasmin & Isobel Noble

Kulin P&C AFL Margin Lottery

The Kulin P&C will be running a margin lottery for the 2018 AFL season. If you would like to be a part of this competition, please complete the entry form and return it along with your \$10 to the front office at the school or email Megan Syred m.syred@bigpond.com

How the competition works:

- Every entry will receive a number between 1 and the number of entries sold.
- There will be a redraw for numbers after rounds 7 and 15.
- The winning margin of the WA home game (Eagles or Dockers) for the round will decide the winner each week. If there is no game in Perth then the margin will be decided on the first WA team on the fixture for the weekend.
- Entry fee is \$10 paid in advance of the lottery draw.
- Each week the winner will receive \$20 prize money.
- If the margin is higher than the number of entries, then the weekly prize will jackpot to the next week.
- The prize money will also jackpot if the game is drawn.
- The first lottery draw will take place on Friday 23rd March. All those people nominating an email address on the entry form will be sent an email advising of margins. The margins will also be published in the Weekly Update.
- For further details please contact Megan Syred 0438351165 or m.syred@bigpond.com

All money raised will go towards the resurfacing/landscaping of the quadrangle area at Kulin District High School.

Thank you for your support!

Traditional Hot Cross Buns

Perfect treat to share with the family on Easter morning

Sugar Cookie Dough

Let the kids go crazy decorating these sweet treats

Recipes on next page....

Hot Cross Buns

Ingredients

Melted butter, to grease
490g (3 1/4 cups) Anchor Bread & Pizza Plain Flour
170g (1 cup) sultanas
2 tablespoons mixed peel
2 tablespoons caster sugar
1 teaspoon (7g/1 sachet) dried yeast
1 teaspoon mixed spice
1 teaspoon ground cinnamon
1 teaspoon ground nutmeg
Large pinch of salt
250ml (1 cup) warm milk
50g butter, melted
1 egg, lightly whisked
Plain flour, to dust
Butter, to serve

CROSS PASTE
40g (1/4 cup) plain flour
2 tablespoons cold water

GLAZE
70g (1/3 cup) caster sugar
80ml (1/3 cup) cold water

Method

- 1) Brush a baking tray with melted butter. Combine the flour, sultanas, mixed peel, sugar, yeast, mixed spice, cinnamon and nutmeg in a large bowl. Stir in the salt.
- 2) Make a well in the centre. Add the milk, butter and egg. Use a wooden spoon to stir until just combined. Use your hands to bring the dough together in the bowl.
- 3) Turn onto a well-floured surface. Knead for 10-15 minutes or until smooth and elastic. Brush a large bowl with melted butter. Place dough in the bowl. Turn to coat. Cover with plastic wrap or a damp tea towel. Place in a warm, draught-free place to prove for 1 1/2 hours or until dough doubles in size.
- 4) Preheat oven to 200°C. Punch down the centre of the dough with your fist. Turn onto a lightly floured surface. Knead for 2-3 minutes or until dough is smooth and elastic and has returned to its original size. Divide into 12 equal portions. Shape into balls. Place, side-by-side, on the prepared tray. Place in a warm, draught-free place for 30 minutes or until dough has risen 1-2cm.
- 5) To make the cross paste, combine the flour and water in a bowl until a smooth paste forms. Transfer to a piping bag fitted with a 2mm plain nozzle. Pipe in a continuous line along the centre of each row of buns. Repeat in the opposite direction to make crosses. Bake for 20 minutes or until golden and the buns sound hollow when tapped on the base.
- 6) Meanwhile, to make the glaze, place sugar and water in a saucepan over medium heat. Cook, stirring, for 3 minutes or until sugar dissolves and mixture thickens slightly.
- 7) Brush the tops of the buns with the glaze. Serve hot with butter

2 teaspoons baking powder
1/2 teaspoon salt
3 cups all-purpose flour

Icing

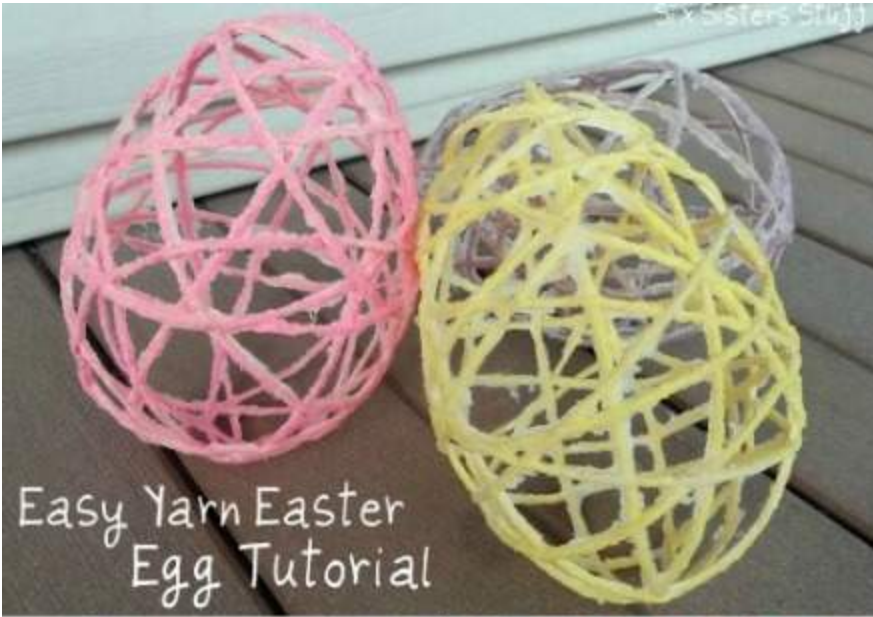

1 1/2 cups icing sugar mixture, sifted
25g butter, softened
1 tablespoon milk, or water
Few drops of food colouring

Method

1. Preheat oven to 350° F.
 2. In the bowl of your mixer cream butter and sugar until light and creamy,
 3. Beat in eggs 1 at a time and add extract.
 4. In a separate bowl combine baking powder and salt with flour and add a little at a time to the wet ingredients. The dough will be very stiff. If it becomes too stiff for your mixer turn out the dough onto a countertop surface. Wet your hands and finish off kneading the dough by hand.
 5. (Do not chill dough). Divide into workable batches, roll out onto a floured surface and cut into your choice of Easter themed cutters, you want these cookies to be on the thicker side (closer to 1/4 inch).
 6. Bake at 350 for 6-8 minutes. Let cool on the cookie sheet until firm enough to transfer to a cooling rack.
 7. Using a wooden spoon, combine icing sugar, butter and milk in medium bowl until smooth. Add a touch of extra milk or water to get a glossier consistency.
- Step 2
Add enough food colouring to tint icing to desired colour. Mix well and let your imagination run wild and decorate how you please.

Get creative in 4 simple steps

- Blow up some small water balloons.
- Get some yarn and coat it in PVA glue.
- Next wrap the yarn around the balloon and let it dry (1 hour or until firm).
- Once dry pop the balloon and you are left with a yarn Easter egg!

Happy Easter!

ICPA IS FAR MORE THAN WHAT YOU THINK PLEASE READ TO UNDERSTAND

There has been a misconception that ICPA is there for the isolated families on pastoral properties (stations) and boarding allowances only.

It's FAR more, reaching FAR deeper.

ICPA advocates for ALL families out of the major Cities limits, and for ALL issues these families face educating their children/students..

Rural students from Playgroups, Kindergarten through to Ag Schools, TAFE, University and adult education, need a voice to ensure they get the same opportunities to quality education as their city peers.

Your membership through ICPA is

THEIR voice
The TOWNS voice
The FARMING FAMILIES voice
The COMMUNITIES voice
The SCHOOLS voice
The STATES voice
and of course

It is OUR voice for the Lakes Districts and great Southern eg review to improve and be more flexible with our bus runs, houses for our teaching staff and of course continue budgeting and staffing of our schools, improved availability for youth allowance. These are just a few of our local issues that has been put forward for ICPA to lobby for.

Your membership supports

The volunteers on State and Federal council who take your concerns to and lobbies those who are in the driving seats. This included ministers in government and opposition. Education department, communications organisations and many more.

The volunteers on your committee who encourage motions, to be presented at conference work hard to find all the issues in their district and communicate them to the right people or our State and Federal council.

ALL of our members by just paying membership which in turns helps those who volunteer the time and effect to go to conference and meetings. To put forward your issues and concerns. The members who take on positions on the committee to help get the issues heard. Those who volunteer to work on the donut stall and support, it to allow us to keep our membership down and to allow minimal cost to our representatives at all conferences.

Your membership works with

CWA
WIFE
WACSSO
WAFARMERS
PGA

And many more associations to improve rural education

Please go to <https://www.icpa.com.au> for more information and Membership for Lakes District or email us icpa@bigpond.com

COMMUNITY CONTROL OF COMMUNITY PESTS

NOTICE OF BAITING PROGRAM FOR WILD DOGS

www.ewbg.com.au

The Eastern Wheatbelt Biosecurity Group advises that from January 1st 2018, heavy baiting programs (using 1080 meat baits) to control wild dogs will be carried out by Licensed Pest Management Technicians on Unallocated Crown Land to the east of the State Barrier Fence. In addition to 1080 baiting programs, technicians will be using foot hold traps treated with Strychnine to remove Wild Dogs that are currently impacting the livestock industry in the Eastern Wheatbelt Biosecurity Group region.

From January 1st 2018, the standard wild dog control methods will be ongoing and this may include setting of traps and dispersing of 1080 meat baits in the groups operational area.

The poison baits will remain toxic for a number of months or until substantial rainfall is received. People are advised to take care when working within or visiting these areas.

Warning signs have been placed where applicable on Unallocated Crown Land and main access roads.

Picnic sites and recreational reserves are **not** included within the baiting program; however, baiting may take place adjacent to such areas and domestic pets should be kept close and under control at all times.

1080 baiting is an integral part of the wild dog pest management program to protect livestock from death and injury caused by wild dogs.

Exercise caution to prevent your pets from being poisoned by 1080 baits.

If a wild dog is sighted, please report to the Eastern Wheatbelt Biosecurity Group immediately.

If poisoning occurs, contact a doctor or Poisons Information Centre (phone 13 11 26).

For further details please contact, the Eastern Wheatbelt Biosecurity Group on 0455 724 848 or ewbg@outlook.com.

NOTICE OF AGM

THURSDAY 22ND MARCH 2018
6:00pm CORRIGIN HOTEL

SPECIAL GUEST - BRAD JONES, TAMMIN WA

Brad and his wife, Kate, crop 11,000ha of cereals, canola, field peas and export hay at Tammin, in 300mm rainfall country about 180km east of Perth. The farm is Kate family's, with Brad starting his working life as a pilot on Queensland's Darling Downs for 15 years, which gave him an appreciation for the power of data.

In 2008, Brad and Kate started to concentrate resources on crop nutrition and weed control systems and methods to improve soil pH in their quest to lift productivity. This led to the introduction and integration of GPS, yield mapping, camera recognition and soil mapping using gamma-ray radiometrics, spectrometry and electromagnetic induction.
