Welcome to another edition,

Many of you would've heard in recent news about the changes to the CRC funding. Although the cut to funding has been confirmed across the network we are still in the process of negotiating and looking into other options. I just wanted to reiterate to you, the community, that the CRC is here to stay - you can't get rid of us that easy!

Upcoming Events:

FREEBAIRN RECREATION CENTRE

Well the weeks are coming and going very quickly now that Winter Sports are in full swing. The last few weekends have seen the FRC and grounds well patronised with Football, Hockey and Netball all hosting fixtures.

In addition to being busy out on the courts and fields, the recreation centre kitchen has been a hive of activity with various club members involved in catering for canteens and dinners. It really is quite amazing for me as the “new girl” to see the quantity and quality of food pumped out of the kitchen to feed the players and their families and friends post-match. I’m especially impressed by how the community comes together to support each other with the Hockey ladies catering for the Footy boys and then the following week the Netball girls catering for the Vipers’ post Gala Day festivities.

There are several fixtures scheduled for Kulin over the coming weeks with a lot of attention and energy now being directed towards the Great Southern Colts Carnival with teams being in town from June 15-17 for the event. All sporting clubs have been approached for their assistance in catering and other jobs throughout the weekend. If you have not already been in touch with Don Bradford or myself regarding your clubs availability to assist please do so! As the saying goes “Many hands make light work”.

As well as sporting activities the FRC kitchen has hosted the CWA Cooking Lessons coordinated by the CRC on a Wednesday afternoon with students from KDHS coming along to learn from members of our CWA fraternity. This interaction is invaluable for both generations and the enjoyment from all involved is evident both during the creation and of course the consumption!

For those of you who have been involved in kitchen activities over the past few weeks please remember to come and collect any plates, platters or containers you may have left behind!

Until next time.....

Ruth works Wednesday, Thursday & Fridays from 8:30am till 3:30pm. If you require assistance outside of these days or hours please contact the shire offices or send Ruth an email on recentre@kulin.wa.gov.au which she will reply to when available.

Media Release

16 May 2018

CRCs ARE THE ANSWER: RUNDLE

Member for Roe Peter Rundle says the Regional Development Minister's plan to pit Community Resources Centres against each other to fight for funding will ultimately fail regional communities.

Mr Rundle's comment comes as last week's State Budget confirmed the Community Resource Network will have 40 per cent of its funding slashed from 1 July 2019.

Labor's proposed two-tier funding model, announced last month, will see some CRCs lose more than half their operational funding, with the Minister preying on those that have said they will no longer be sustainable under new arrangements.

"The Minister is on the record saying CRCs that want to increase funding under the proposed new arrangements could do so at the expense of another centre's allocation," Mr Rundle said.

"She is attempting to divide and conquer individual centres by saying there is room for negotiation but additional funding will only come at the expense of another."

The Department of Primary Industries and Regional Development will finalise a review of the Network mid-year; a review which did not commence until after funding cuts were outlined. CRCs have until 20 May 2018 to respond to Labor's proposed two-tier funding model.

In Parliament today Mr Rundle referred to the recent discovery that the Wandering CRC had been incorrectly categorised, a mistake that would have seen them given less funding, and asked what the Government would do to ensure there were not more mistakes like this.

"In his response the Premier demonstrated his lack of knowledge on this issue, and continued to demonstrate his disregard for the vital role CRCs play in their communities," Mr Rundle said.

Mr Rundle urged the Minister and her Department to closely consider feedback from centre managers, saying harsh funding cuts to 105 CRCs across WA had left a bitter taste in the mouth of many regional communities.

The Nationals WA Leader Mia Davies said the McGowan Government undervalued the role CRCs play in maintaining healthy, connected communities and providing a shopfront for vital State and Federal government services.

"Across WA they provide services for youth, the elderly, people living with disability, professional development, traineeships, employ hundreds of people and are supported by more than 1000 volunteers," she said.

Reusable Bags

Did you know single use plastic bags are being phased out? From the **1st of July 2018** single use plastic bags will be banned. So what are you going to use instead?! We want to make bags available but need materials. Have you got **old linen or material** which is collecting dust and breeding silverfish? We'd love to take it off your hands to up cycle into reusable shopping bags. More details to come about when the bags will be made. Thanks for your support.

CAMP KULIN

Camp Kulin has had a busy month, running 15 days straight of camps during the April school holidays. Our Perth metro camp for 8-12 year olds ran from 14th – 18th April, Regional camp for 8-12 year olds from 19th – 23rd April and our Teen camp for 13-16 year olds with Type 1 Diabetes ran from 14th – 18th April. We had 95 campers and 29 camp counsellors plus 8 medical staff as part of the team over the two weeks. Campers travelled from as far away as Broome and Canarvon in the north and Esperance in the south to attend. Feedback has been extremely positive from all parents and campers.

Last week, Tanya had the opportunity to travel to Rockhampton in Queensland to Beef Australia, where she was the MC at the Westpac High Tea for 550 ladies, and also spoke about Camp Kulin. The other speakers were the Honourable Dame Quentin Bryce AD CVO (former Governor General of Australia) and Felicity Duffy, Head of Women's Markets at Westpac. Beef Australia was a massive event, with well over 100,000 people attending from all over the world. Big thanks to Westpac for inviting Tanya to be part of it.

After School Cooking

Rachael Boyd

Our first after school cooking was a great success. We had a total of 15 girls attend who got creative in the kitchen making some delicious and beautiful butterfly cakes.

Almost everyone took the opportunity to lick their fingers and make sure there was no wastage left in the bowls! We hope some taste testing was done by families at home.

We are extremely grateful for our volunteers, Philippa, Johanna, Dot, Jocelyn and Doris for all their help! Thank you and we couldn't have done it without you.

I had such a fun time with everyone and I hope to see you all for some more after school cooking!

Space availability will be posted on Facebook!! Stay tuned. Boys - don't be afraid to come and show off your cooking skills too.

Kulin Childcare Centre

enrolments available every day

Kulin Childcare Centre is a wonderful small centre where we provide a secure and comforting environment where children are nurtured by our well trained educators. We value our families, our community and love working with your children.

We are open Monday to Friday from 8.00am to 5.30pm and are pleased to confirm that there are positions available for your child/ren on all of these days.

Some days are busier than others, however if you would like to book your children into care on a permanent or casual basis, on a particular day, we would love to hear from you.

Staffing plays a big factor in our availability of places, but we will do our utmost to accommodate bookings, as your children are our priority.

please contact us today to join the wonderful KCCC community. You and your children will love it!

For bookings and enquiries please contact the centre on 9880 1636 or kulinccc@kulin.wa.gov.au and speak to Melina McBow, Sarah Reader and Sue Knapp

HOCKEY

Last week saw the Vipers take on Lake Grace/Kukerin in 4 games of very skilful hockey.

C Grade gave a good fight but at the end of the game went down 4-1.

B Grade came out triumphant with a 4-1 win over LG/Kuk.

A Grade played 70 minutes of great hockey but unfortunately lost to the strong A Grade side of LG/Kuk.

The Men, although they played a hard game LG/Kuk managed to swindle a few goals, leaving the men with a loss.

This week was Gala day, with all four teams bringing their best on the warm Saturday, with KK Vipers versing Corrigin.

C Grade unfortunately lost 3-0 after giving a good fight.

B Grade and A Grade both came out with a draw after 4 quarters of equally skilled hockey from both sides.

The Men played an exceptional game, coming out with a 3-1 win against the Corrigin Men.

A big thank you to Yvonne Bowey Consulting and Tamora Plumbing for sponsoring the last two week's game day awards.

We would like to thank Allan Sadler, who came out from Perth to give an umpiring briefing to our aspiring umpires and to provide guidance to our experienced umpires.

We would also like to congratulate Josh Bowey and Jocelyn Owens on reaching their 50 games as Vipers! Well Done!

Our next game is Saturday the 19th May in Kondinin against the Khats. Come along for a great day of hockey.

Josh Bowey before his 50th club game for the Vipers.

Our men's team lined up ready for their game v LG/Kuk

Department of
Local Government, Sport
and Cultural Industries

STOP PUPPY FARMING

Public consultation now open

The Department, in partnership with local government and industry stakeholders, has today launched a consultation paper outlining a range of different proposals to prevent puppy farms in WA.

Dogs are an important part of many Western Australian families and promoting responsible dog ownership and the future health and welfare of dogs is a key priority for the State Government.

The overbreeding of dogs in WA is evidenced by the number of dogs surrendered to animal shelters and refuges. The RSPCA WA takes in approximately 700 dogs each year.

The proposed options will contribute to a more regulated breeding industry and a reduction in the number of dogs needing rehoming and suffering neglect due to puppy farms.

Community feedback is essential to enable a well-informed decision on the impact of the changes across the broader community, industry and government sector.

Your community can get involved by:

- having a say online by visiting the Department's website at www.dlgsc.wa.gov.au/stoppuppyfarming
- emailing puppyfarming@dlgsc.wa.gov.au for more information
- attending a workshop to hear more about the proposed changes

You can assist by encouraging your communities to get involved by sharing this important message on social and online media/news platforms and your website.

Local government consultation

Local governments play a key role in the management and control of dogs in their communities and have an opportunity to improve animal welfare and management by providing feedback on the stop puppy farming proposals, including how these can be best implemented.

The Department, in conjunction with WALGA and LG Professionals Australia WA, will be undertaking targeted consultation with local governments. More information on targeted consultation will follow soon.

For more information email puppyfarming@dlgsc.wa.gov.au

Call for landholder views on wild rabbits and feral pigs

The Department of Primary Industries and Regional Development (DPIRD) is calling on landholders affected by wild rabbits and feral pigs to complete an online survey to help manage these destructive pests.

Working in partnership with Recognised Biosecurity Groups (RBGs) and other community groups, the department is seeking to better understand the impact wild rabbits and feral pigs are having on farms, the issues people encounter trying to control them, and where landholders may need assistance.

The responses to the survey will assist RBGs and community groups develop coordinated control programs and therefore have the best chance of success.

Department development officer James Dee said that despite the release of effective biological control methods, communities still have a pivotal role to play with traditional control programs.

"The release of the RHDV1-K5 virus last year has been effective in reducing wild rabbit numbers, and using traditional techniques now will capitalise on that reduction," he said.

"It's estimated that the virus has reduced the wild rabbit population by 42%, but for effective control we need to get that down significantly further.

"Feral pigs are on the increase and being found in new areas around the state, and unfortunately there is no effective biological control agent that can be used against them.

"To successfully manage wild rabbits and feral pigs, which are both prolific breeders and can have such a devastating impact on agriculture, coordinated control programs are essential."

The survey only takes five minutes to complete. It asks respondents about the damage that the pests have caused to their property, what kind of monitoring activities they've conducted, and what control methods they have used.

"Once we've analysed the results, it will give the department, RBGs and other community groups a better understanding of the challenges associated with controlling wild rabbits and feral pigs," Mr Dee said.

"We'll then continue to work with landholders to develop and refine strategies that will help reduce numbers and protect their valuable agricultural assets."

The survey is open until 30th of May and is online at

Emmett Therapy Coming to Kulin

EMMETT technique is a special form of body therapy that involves application of light pressure at specific points. These can be in sequences that enable gentle release for many common conditions. The results can be dramatic even for first time clients. Accurate and fast assessments of imbalances in the body are an integral feature of this technique.

Symptoms which have been relieved:

- * Neck and shoulder restriction
- * Lymphatic congestion and breathing
- * Migraines or cluster headaches
- * Abdominal cramps and bowel discomfort
- * Persistent heel and foot pain
- * Headaches, dizziness and sinus congestion
- * Back and hip discomfort
- * Knee and ankle restrictions
- * Discomfort during pregnancy
- * Fluid retention
