SHIRE OF KULIN

CEO CORNER

Winter rains consistently arriving has seen our most successful winter grading program in some time. Every road in the Shire network received attention at reasonably optimum conditions. Not too wet, not too dry – just right for grading and compaction; the program has taken 16 weeks. The benefit of excellent winter conditions, means that summer performance at harvest is improved and gravel sheeting demands are reduced.

As always, Shire staff and Councillors are keen to hear your experience of our road network and whether there are still matters we need to fix, improve or that we should be considering for our long term road program. We have created an opportunity for you to come tells us your view and share breakfast with the Kulin CRC, Roadwise & GangellsAgSolutions Crossroads Breakfast program happening week commencing 10th Sept (refer advert this Update).

Congratulations to Judd and the dedicated winter grading crew for a job well done.

Caring for Children – not for profit

CHILDCARE HAPPENINGS

We have been exploring the ocean and the creatures that live in it over the last few weeks the children have loved creating our own little ocean with all of our craft hanging in it.

Our chickens still are a great source of entertainment for the children and working together to look after them is teaching the children so much about team work and co-operation with their peers.

WANTED

Kulin Child Care Centre are on the lookout for some items to repurposed if you have any of the following please drop off at the centre

Old t-shirts- wanting to make reusable bags with the children

Old flat sheets- single size and over

Any old cutlery you no longer need or use

Many thanks KCCC staff

Changes to the Scheme

- ◆ Changes have been made to continue allowing 'First and last' mile access on roads between the paddock and the nearest road approved for Restricted Access Vehicle (RAV) Network access. The changes ensure there are no adverse effects on road safety and Main Roads legal obligations are met.

Register for HMMS

- ◆ If you wish to participate in HMMS, continue to register your vehicles with a participating Grain Receiver.
- ◆ If RAV access is required on roads between the paddock and the nearest road approved for RAV Network access under HMMS, you must apply to Main Roads by submitting a HMMS Road List form to advise us of the RAV combination & roads being used.
- ◆ Your HMMS Road List must be endorsed by Main Roads before starting HMMS operations on these roads. Apply now to avoid delays.

Processing Your Application

- ◆ Main Roads will check the nominated roads between the paddock and the nearest road approved for RAV Network access to ensure they are safe for the proposed RAV combination.
- ◆ If deemed safe, your HMMS Road List will be endorsed and any additional access conditions specified (if necessary).

Harvest Mass Management Scheme

What you need to know for 2018-2019 Harvest Period

Access Conditions

- ◆ The Main Roads endorsed HMMS Road List must be carried in the RAV.
- ◆ The most direct route must be used between the paddock and the nearest road approved for RAV Network access.
- ◆ The RAV combination being used must not be a higher RAV category than the nearest RAV Network.
- ◆ When travelling on the roads between the paddock and the nearest road approved for RAV Network access, the maximum speed is 40 km/h and you must display an amber flashing warning light.

Future Planning

- ◆ Main Roads will use the HMMS Road Lists to prioritise onsite route assessments, with the aim of adding the roads to the relevant RAV Network.
- ◆ This will eliminate the need to continue providing the HMMS Road List in future.

Other Access Options

- ◆ Use a Category 1 RAV vehicle combination that is 20 m or less in length and 50 t or less in gross mass.
- ◆ Use a RAV that is greater than a Category 1 RAV vehicle combination on approved RAV Network roads.
- ◆ Apply to have my road (s) added to the RAV Network through the standard process.

For more information about HMMS contact our Heavy Vehicle Help Desk on 138 486 or visit the HMMS page on our website at www.mainroads.wa.gov.au

The Hardest Thing

For a long time I have thought that the hardest thing to do in any sport in the world is to hit a round ball with a round bat when it is coming at you at high pace and have it go where you want it to. I don't think that anymore I now think that going in at half time in a Grand Final and changing the plan that got you there because it's no longer working would be the hardest thing to do in sport. That was the challenge that I saw the Bruce Rock league side faced with in the EDFL Grand Final on Sunday.

At the start of the game the obvious pressure was on Kulin/Kondinin. An aging group of players who had not only been beaten by eleven goals in the Second Semi but had only just got past a spirited Nukarni side in the Preliminary Final the week before. Few not wearing the tri colour jackets of the Blues gave them much of a chance. The thing always was though that the Blues only had to beat their much-vaunted opposition once.

When you're the underdog you have to start well, it's very hard to reel in a powerful side, you have to be able to get in the game early and not allow them to get away. The Blues were able to do that early on as their midfield was able to win their share of the football and then use it well. This use of the football was consistent throughout the day and seemed to be possibly be one part of the plan to unseed the champion. The Blues kicked the ball all day and were quite determined to make it very hard for their opposition to get the ball back. Such a plan saw the likes of Toby Browning and Jaan Shaddick and Lincoln Hands find space forward of the ball and hit the scoreboard.

What seemed the second part of the plan the Blues had constructed to bring down the Pies was the way their backline played. The experience of the group showed as they defended not so much the player but the ball. In the centre of the group was the towering Jarrad West. West zoned off wonderfully well and stopped several impressive Bruce Rock sorties forward. Tim Bradford and Garret Browning were also key members of this part of the plan as they were able to once again defend the flight of the ball rather than the player. This method of defence coupled with the good job that DJ Brandis was doing on the dangerous Cody Nelson got the game on the terms that the Blues wanted. A wonderful goal from the classy Alec Cook saw the deficit come back to within three goals at the long break but the half had belonged to the underdog. They had kept the ball on the inside of the contest and held on to it when they had it. Their defence had shown their class by defending the flight of the ball and forcing the Pies forwards to work in congestion rather than the space they are used too. Their plan was working.

So, after half time the question was with the reigning premier. Could they change their approach and could their good players, who up until then were struggling, get into the game. They were the younger group and had the edge on fitness, the crowd was waiting for them to fire. There were periods where the Pies controlled the game in the third term, but they couldn't find a way to goal, or perhaps missed the chances they had. Aiden Anthony tried hard to stamp himself on the contest but just didn't have enough go with him to swing momentum the other way.

The thing is the Pies needed to change their approach to get the game back on their terms and they couldn't do it. Instead of trying to run and spread out of a contest they needed to kick the footy more, their forwards needed to present up at the footy more and their midfielders needed to honour those leads as this could have made the zoning defenders of the Blues more accountable and cover more ground. They needed to work harder themselves on the turn over to limit the space the Blues half forwards and midfielders could find when in possession, put simply they had to try harder to get the ball back rather than leaving it to their half back line to win it and switch it into space.

The thing is for whatever reason they couldn't do the hardest thing in sport. They kept trying to kick over the zone instead of kicking through it, kept trying to spread out of the contest instead of kicking the ball and just didn't work hard enough to get the footy back. Then there came a time, as happens in so many Grand Finals, when the dam wall broke. The last half of the last quarter when everyone knew that the Pies had been beaten and the Blues took control to run out deserving winners in what was a wonderful Grand Final.

After such a wonderful decider the footy nuffy in me can't help but think of what happens next. Bruce Rock deserve a lot of credit for what they have become. They are a wonderfully well run club and they have a playing group that is powerful, young and talented. A loss like this would, and needs to, hurt but it is important that they are not defined by this. It will be interesting to watch how the playing group and the club respond as they certainly have the talent to come again in 2019.

Then what of the Blues. It's impossible not to acknowledge the fact that while Sunday's effort was a tremendous win against the odds eleven members of the side were in their thirties, some a bit more than just in their thirties. So do these blokes decide that this is a great one to go out on or do they load up again. Whatever they decide to do it is safe to assume that the Blues will be around the mark in 2019 such is the phenomenon this club certainly is.

A Grade Netball Team:

Andddd that's a wrap!!! Well done A Grade for such an amazing netty season with only loosing 2 games and drawing with the top side-that was certainly a highlight!

Our Prelim final against Corrigin on the 25th of August was a fantastic game with a nail biter start- with Corrigin coming out firing in the first quarter leading by 4 goals . In the second quarter we made a come back leading at half time by 1 goal. Then in the final half KULIN finished strong winning the game 53-36!! Bring on the GF!!!!

Grand Final Day started off with a few nerves but after watching the B grade girls win their outstanding match against Narem certainly got us fired up & excited to get out there-well done on your win ladies such superstars.

Our game started off solid being goal for goal finishing the 1st quarter only down by 3 . In the 2nd & 3rd quarter Narem came out stronger & got a big lead. We finished our last quarter strong but it wasn't enough and Narem won by 26 goals. The score certainly didn't feel that way so well done girls on playing your hearts out there we did everything we could.

Thank you to all the spectators who drove to Bruce Rock- the atmosphere was amazing.

We finished the day celebrating the B grades fantastic win and our tremendous season with lots of laughs & a bit of decorating of blue & white on the way home!

B Grade Netball Team - Kulin 2 (36) def Narembeen 3 (17)

Kulin travelled to Bruce Rock to play against finals veterans Narembeen. With our fabulous Laura unable to play, our defenders unsure who Narems goalies would be and our shooters hoping their goals to be "on" today the team was under major pressure as Kulin were favourites to win.

The team took the first 10 minutes to settle their nerves but stepped up with Amy dominating in centre assisted by our wings in Kaye and Fi who passed beautifully into our ever reliable shooters Michelle and Christie. Narembeen struggled to get the ball into their shooters with our tall defensive line up of Cindy, Jess and Deirdre. A special mention to another tall and dominate defender, Rhonda Young who won MVP of the game. Kulin came out winners. Well done girls on a great season and an absolutely ripper Grand Final.

Saturday the 25th August saw the grand finals for the Roe Districts Hockey Association and Greater Wheatbelt Men played in Kulin.

With a horde of supporters, KK Vipers had both A and B Grade play in two very intense and skilful games of hockey.

B Grade played first with a solid goal scored in the first half by Yvonne Bowey. They were able to keep the strong Lake-Grace Kukerin side out for the remainder of the game, leaving them with a 1-0 triumph.

Yvonne Bowey was also awarded best on ground for the B Grade Final.

A Grade played a great game of hockey putting the first goal of the game on the board. Souths matched it and with a lift in intensity in the second half put two more goals on the board. Unfortunately our A Grade girls could not match this and lost 3-1.

KK Vipers B Grade back to back to back premiers.

Thanks to Bayer, who have been KKHC's major sponsor this year!

MEDIA RELEASE – 30 AUGUST 2018

ADSA WALK 2018

WAVE ROCK, HYDEN TO PERTH

9 SEPT 2018 TO 14 SEPT 2018

The Asbestos Diseases Society of Australia Inc (ADSA) is a caring charitable organisation that has for more than 35 years provided a unique service to asbestos diseases sufferers, their families, and the Western Australian community, assisting with the many issues arising out of exposure to asbestos and its devastating consequences. The epidemic of asbestos diseases in Western Australia is affecting members of the community from all walks of life in greater numbers as each year passes. In 2017 the ADSA recorded 332 asbestos caused deaths.

Mr Robert Vojakovic AM, JP, President of the ADSA said, "There is no safe level of asbestos exposure and mesothelioma can be contracted with only minimal exposure to asbestos from home renovations or unsafe work practices. Asbestos was used in commercial, public, and residential buildings in Australia from 1920 to 1987 and indeed recent illegal imports have also been used in our buildings. For many years to come carcinogenic asbestos fibres will remain in the community and it is essential that people are aware of what they need to do to reduce the risks for themselves and their families."

The ADSA Walk 2018 is from Wave Rock, Hyden to Perth via Kondinin, Kulin, Wickepin, Narrogin, Williams, Quindanning, Harvey, Yarloop, Waroona, Pinjarra, and Serpentine. This is an annual event to raise lifesaving funds for the Asbestos Diseases Society of Australia PhD Scholarship in Mesothelioma supervised by Professor Anna Nowak and the NCARD team at the University of Western Australia and also to raise awareness of the risks of asbestos exposure.

The ADSA is also pleased to announce the launch of a dedicated website for the ADSA Walk, adsawalk.org.au, where the Walk Team can be followed online through daily posts. The ADSA Walk history and information about the ADSA PhD Scholarship along with photo galleries can also be viewed at adsawalk.org.au.

On Wednesday 12th September 2018 the ADSA Walk Around Town will be held in Harvey from 11am to 2pm. Starting from the Harvey Community Resource Centre on Gibbs Street the Walk is a 1km loop including Young Street, Uduc Road and Hayward Street. Registration is from 10am at the Harvey CRC. Mr Vojakovic said, "The ADSA Walk Around Town is a community event and I encourage all supporters to join the ADSA Walk Team for a few laps of the 1km circuit and to enjoy a day out in the country raising awareness of the deadly risk of asbestos in our community and to support the ADSA Walk Team's fundraising efforts to find a cure for mesothelioma and save lives."

Persons wanting to make donations towards lifesaving research can do so by telephone: 1800 646 690 OR online at www.adsawalk.org.au

Congratulations Peta !

Congratulations to Local Author Peta West recently winning a competition to have her short story published in the September issue of **Mind Food Magazine**. The short story Nineteen Steps is loosely based around the happenings in her hometown. Peta recently published her memoir *Nicci Was Here* (vivid publishing) & also writes a lot of fantastic prose & poetry.

If you are in the market for a solid home to renovate and make your own, this is it.

Come and inspect this two bedroom plus sleep out home with large rooms, adequate but older style kitchen, dining room, lounge room with gas heating and air conditioned and large enclosed living area at rear. Floor coverings are old and need replacing but the flooring is all in good quality wood.

The bathroom is useable but needs replacing.

Walls and ceilings are all in good condition. Gardens are minimal but tidy.

At \$69,000, this is an excellent opportunity.
