17 FARM SAFETY WORKSHOP

An initiative from Rural Edge to assist you in establishing your safety priorities. Take your safety up a notch. Further information and course details on page 17.

After 48 years - locals in 24 hours

48 years ago, in 1974, 2 city-slickers in their Holden panel vans arrived at CBH Kulin for a season's work as receival point operators. Following initial training, including an illicit burn around inside an empty bin, they were sent down the line to Tincurrin and Harrismith as RPOIC, Loader Operator and part-time Clark Shovel Operator. Known as the 3P's - Peter (Sneaker) Coulson, Peter Marmach and Peter Keynes, they impressed their supervisor/pest controller Megs Gibson with the efficient operation of the bins.

Eschewing the luxury of the nearby Oasis Hotel board and lodging offer, they camped in the old unlined tin hut with wood stove, kero fridge and bucket shower. "It was tough in those days"

Now, 48 years later, Pete M and I ...

Pet regret: consumer complaints climb

Welcoming a new pet into your family is an exciting time, so the last thing you'd want to discover after bringing the animal home is any unexpected issues or problems.

An emotional bond has likely formed that could make an

exchange or refund out of the question, while a 'repair' could equate to expensive vet bills and a dispute with the seller.

Unfortunately, issues with pet purchases are on the rise. In the last 12 months, Consumer Protection received...

Welcome back to another CEO corner for 2022...

Welcome back to another CEO corner for 2022. Wow, what a shock we all got for half an hour or so on Sunday afternoon when the thunderstorm hit town, literally. Lightning, heavy rain and hail certainly created a bit of havoc and damaged a few buildings around the place. It even wrecked a nice afternoon walk for the 3 of us that were silly enough to play golf and got caught in it. Hopefully the repair bills around town aren't too much. Council had a couple of buildings that had a few roof leaks and we will continue to monitor if there is any significant damage; particularly the Administration Building, the Old Administration Building and the FRC.

Saturday's Federal election result will no doubt change the political landscape. Whilst we are not entirely sure how it will affect our communities, there was certainly a vibe that the rest of the nation and in particular the state of WA wanted a change. It will be interesting to see how economic and social challenges and changes are tackled and what specific impact they have on rural WA.

COVID-19 continues to linger within the community. Over the past few weeks it

has impacted Shire staff. We thank the community for their understanding as we have managed available resources as best as possible to continue to deliver services to an acceptable standard.

Council Meeting last week saw Council undertake its annual review of Fees and Charges, Delegations Register as well as the Policy Manual. Council also endorsed a new Self-Supporting Loan Policy to assist community groups interested in seeking financial assistance for capital improvement of their facilities.

A bit of rain has helped our Works Crew commence their "Winter Grading" regime. This is the envy of surrounding shires the way our crew and plant work together as a team to ensure every lineal metre of gravel road is graded across the Shire.

This week sees the delivery of more capital projects around town. The new OPT at the Fuel Facility is being installed. Hopefully the changeover time is short and the teething problems are minor. We also have the new Audio-Visual Equipment being installed at the FRC. Well done to Fiona Murphy who has taken charge of organising the delivery of these projects.

As mentioned in my last re-

port, the Shire has a range of job opportunities advertised. This week sees them prevalent on our social media channels. We are endeavouring to reach a wider audience with the adverts so feel free to share them. Targeting a wider market will hopefully attract people towards a "tree change" and consider these opportunities of working in our progressive community.

The calm before the storm on Sunday produced a picturesque Saturday afternoon of "Same Day Sport" at the Kulin Oval. The fields were looking awesome and the new courts on show. Hopefully everyone enjoyed the day's festivities and appreciated our top-notch facilities.

As always plenty happening in Kulin, until next time safe travels and happy seeding.

made a pilgrimage return last week to Harrismith and Kulin, staying at the Oasis and the Kulin Community Hub. What we couldn't possibly have expected was the welcome we would get. Russ and Judy from the Oasis were like old mates, even though they'd never met us before, and Russ took us all round the district on a guided tour. Now we know when a paddock is "in" or "up" and what "4.5 tonnes" (to the hectare) means.

At Kulin, which I'd seen on Backroads, we were very quickly taken in by the community spirit and co-operative ownership of the Pub, Tin Horse Highway and the Bush Races among other things in and around the town. We caught up with, and were made to feel like old mates again, first by Megs and Heather, then after making a couple of coffees at the pub for customers and volunteers by Graham, Em and Elsa. We knew we'd really made it though, when we got to sit at the big table for the "black-tie" Mother's Day dinner. (Thanks Wendy and the other volunteers). The next morning we enjoyed an excellent coffee (way better than my efforts at the pub) at the Cafe next door and a chat with Amy and the girls.

Whilst we loved some of the sights around the region and your beautiful town, more than anything we felt fortunate and privileged to have been included as locals, even if only for a couple of days, in your community and town. Can't wait to get back for the Kulin Bush Races in September, if I can get a ticket!

Kindest Regards,
P. D. (Pete) Keynes

From page 1 - Pet regret

72 complaints, up from 55 complaints the previous year.

Around 83 per cent of complaints related to puppies or dogs and medical issues were the top concern – so we always recommend arranging a pre-purchase vet check to ensure the animal is in good health.

We also hear about lack of documentation, such as registration papers and vaccination certificates, as well as animals that don't meet the description – for example, if a dog is advertised as a medium-size breed, but grows to become very large.

You have rights under the Australian Consumer Law if you buy from a shop, or registered breeder that is a business. But these protections are unlikely to be available for private sales, via Gumtree or Facebook Marketplace, or when you adopt from a shelter or rescue centre.

That's why it is important before you buy to research the breed, its parents and the seller, in addition to carefully considering your ongoing commitment to provide a suitably-sized home, food and water, exercise and veterinary care.

Pet scams are also common, so be cautious if you're looking to buy online where popular breeds are offered for low prices on fake websites, and payment only be made via a non-secure method, such as bank transfer.

New laws aimed at stopping puppy farming in WA have recently passed State Parliament and include a requirement for consumers to receive information at purchase about where dogs have come from, as well as the transition of pet shops into adoption centres.

Further information and advice

about buying a pet is available on our website at www.consumerprotection.wa.gov.au, while enquiries can be made on 1300 30 40 54 or to consumer@dmirs.wa.gov.au

I would like to take the opportunity to thank our staff, families and the community for their continued support of the centre. It has been an extremely challenging few weeks with staffing shortages and everyone has been wonderful with their flexibility and acceptance of our closure. I would like to send a massive thank you to Florence, Charlotte and Maddi for keeping the doors open and our centre running smoothly.

Another challenge we are facing is filling the KCCC Coordinator role. Can I ask the community to share the position through your contacts (via social media or other forms) to distribute the advertising far and wide. Our wonderful centre and town is a great opportunity for a new job and lifestyle. Check out the details on our website – www.kulin.wa.gov.au

Thanks again.

B Grade- Southern Cross 51 Kulin 14

Juniors- Bye

Round 4

A Grade- Kulin 51 Nukarni 36

Juniors- Kulin 34 Kondinin 11

B Grade- bye

Both senior teams did the long trek to Southern Cross on the 14th of May. A Grade played an amazing game, spectators said "It was like a Grand final match". B grade unfortunately lost as well, but overall sounds like a great day of netball!

Round 4 it was all sporting clubs in Kulin. It was beautiful weather, and lovely to see so many people around cheering on netball, football & hockey. The girls bodies were still recovering from the SX game but you wouldn't know as they had a great win against Nukarni. Juniors also had a good win, and showed great sportsmanship lending some Kulin players to play in the Kondinin side. It was a great match, well done kids!

One day sport doesn't go ahead smoothly without all the helpers and people behind the scenes. Thank you to ALL the timers, scorers, umpires, canteen helpers & organisers. This weekend's netball is in Bruce Rock.

Golf on ice - 3 brave players withstand a hailstorm

Golfers have experienced the full spectrum of weather patterns this season.

Starting off in summer mode with a bright green course in excellent condition we progressed to a course turning brown and needing rain, to the deluge last week complete with hail which was captured by some great photos by our three lone men who ignored the weather forecast and decided

to play- whilst calling themselves brave. The storm struck while they were still out on number 17 and they finished the course walking on ice.

Our numbers are continuing to grow each week so come along if you ever have a free Sunday. There are fixtures at the Freebairn Recreation Centre Bar.

Wednesday lady golfers are enjoying their nine hole competition and starting to prepare for the annual Nona Wilson Memorial Open Day which is on June 16th. The club is expecting a higher than normal amount of visitors this year which is exciting and we hope to turn on the usual Kulin country hospitality and ensure our visitors return yearly.

Anyone wishing to have a casual hit of golf will find a golf box at the Golf/Tennis Clubhouse with golf cards for your use.

KFC - Kulin vs Nukarni

Last week the Blues hosted Nukarni in Kulin with conditions ideal for footy.

The reserves game started with a few familiar faces returning in the Blues jumper. Nukarni's leg speed proved telling throughout the day as the Blues battled hard in the middle with George, Dan, Isiah, Ethan leading the way. At the main break the Blues had plenty of ground to make up as the backline was under the pump with Mags, Smiley, James, Boo working hard in defence. In the end the Nukarni outfit were far too strong running out comfortable winners against a gallant Blues team.

Reserves Award Winners:
D.Lockyer, T.Bennier, E.Wade, J.Bennell

The Blues started the league game with 2 quick goals but the game quickly turned into an arm wrestle with Nukarni responding in the first quarter. Huge congratulations to George Repacholi who played his 200th game for the club a huge achievement for a super player. Neegs would have one of the best highlight reels in country football and has been pivotal in the Blues success since returning home in 2007. George was instrumental in his milestone game in the ruck helping Jobs, Tull, Sammy and Craney through the middle. The arm wrestle between the two sides continued in the second half as the Blues threatened to move ahead. The backs worked well with Sosl leading the way along with Joel, Kerry and Gaz. The Blues kicked away in the final quarter thanks to 5 snags each to our coach Grabba and Whytie. It was a nice way to celebrate George's 200th and for the unbeaten start to the year continue for another round.

League Award Winners:
S.Browning, S.Schorer, A.Repacholi, L.Hands

Next week the Blues travel to Bruce Rock to take on the Pies, we hope to see as many of our supporters up there to cheer on the boys for another week.

Go Blues!!

“We headed over to Kukerin all rugged up, ready for the cold weather. Kade was our captain in this week. Vipers got the play early. Then Kade hit the ball from the top of the D, SCORE! We were on a roll. Next Ned tapped it in and then it was half time. 2-0 starting the next half, we had a few short corners. After about 5 minutes it was Lyla V the souths goalie. After 3 tries, SCORE! Only a few minutes later, Lyla got another one in. Suddenly it was back in our attacking end, then the crowd went wild. Another goal! This time it was Maddie. Around the end of the 4th Quarter, we had it down our end. The last seconds went by 10,9,8,7,6,5,4,3,2,1, Whistle. Ned scored again but sadly it didn't

count. That was the game. Lyla got the coaches award, and we were all really happy with a 5-0 win.”

“It was our home game in Kulin, so we didn't have to wake up early. We were versing Corrigin. Maggie was our captain this game. This was Kylah's first game. We won the toss and chose the ball. We got into our positions; we were ready. We passed it off and the ball was quickly in our favour. Passed to Maggie and SCORE! Maggie pushed from the side of the D, and it perfectly went into the corner. In the first couple of minutes, it was back to the centre, passed around, dribbled and SCORE! Maggie again. That was the first quarter. In the second quarter Kade hit a wonderful ball all the way to the post where Kylah was. So close! At half time we had our oranges and it started again. Corrigin took the centre pass but it was quickly taken back into our possession. There Willow was, on the edge of scoring, so close. Willow got the coaches award and it was 3-0. The game was our Closest.”

Community Bank

Oasis closing down

Dear Community Members,

After much serious consideration & with great sadness, Russell & Judy would like to announce the tough decision to close the Oasis Hotel from 1st July 2022.

We would like to say, this has not been an easy decision, or one taken lightly, however due to recent health issues & no firm interested buyers received on the sale of the business, we have decided our time has come to either pass the baton on or close the doors. Sadly, the latter has become our only option.

We would like to sincerely thank everyone for their support & patronage over the last 23 years! We have loved the ride & being there to serve you all icy cold beverages & delicious hot meals as well as provide so many nights entertainment from the famous O'y Christmas Party, Tinny Band Nights & just many random good fun nights in between!! Cheers for the memories.

As a final hoorah, Saturday 25th June we hope to see a few here at the "O" to reminisce the past & send us off to retirement!

In light of this decision, if you know of anyone who may be interested in purchasing the business, please contact us or our agent Patrick Williams Patrick.Williams@elders.com.au

Warm Regards & a final

Renewable diesel processing facility near the town of Narrogin.

FutureEnergy Australia (FEA) is proposing to build a renewable diesel processing facility near the town of Narrogin.

The Narrogin FutureEnergy Park project will produce renewable fuel using sustainably sourced feedstock and create by-products that will assist economic growth and regeneration within the Wheatbelt.

FEA invites members of the community to join a conversation and information session about the Narrogin FutureEnergy Park project, benefits, by-products and how it can create opportunities across the regional community.

WHEN: Wednesday, 1st June 2022

TIME: 5.30pm - 9.00pm

WHERE: John Higgins Community Centre, 50 Clayton Road, Narrogin, WA, 6312

The project will create strong benefits for the regional community, including:

- Creation of over 100 jobs in the region.
- Purchasing sustainably sourced biomass from within the region.
- Support the development of 5,000 hectares of new plantations for biomass supply.
- By-products to produce fer

- tilizers and assist regeneration of soil and plant health.
- Solutions to help land holders transition to net carbon zero.
- Increased economic activity for the Wheatbelt region.

Products from the processing facility include:

- Renewable Diesel - produced from renewable feedstocks (i.e. biomass). This fuel aims to be zero-emissions, and is a drop-in replacement for regular diesel (meaning that diesel equipment does not need to be altered to use it).
- Biochar – pyrolyzed carbon used in soil enhancement, water filtration and animal feed.
- Wood vinegar – can assist with seed germination, reduce fungal diseases and improve both plant health and crop quality.

We look forward to sharing this exciting project with the Narrogin and Wheatbelt community, so please join us to learn more.

Tickets are FREE and are being restricted to 150 attendees, so get in quick, and register your interest via Eventbrite <https://www.eventbrite.com/e/narrogin-renewable-diesel-facility-community-information-session-tickets-338530322307>

For more information, contact narrogin@feaust.com.au or visit our website at futureenergyaust.com.au

Thank you and we look forward to seeing you there.

Regards,

The FutureEnergy Australia Team.

Community Feral Animal Control Funding

Are foxes, cats and rabbits having an impact on your bottom line?

Feral animals impact Wheatbelt farms and take out large numbers of native species.

Our Healthy Bushlands program offers pest control support to anyone wanting to reduce the effects these animals are having on native species in bushland on, or adjacent to, their property.

If you require more information contact Alex Griffiths on 9670 3102 or email agriffiths@wheatbeltnrm.org.au

INDEPENDENT SUPPORT WORKER Employment Opportunity

Seeking expressions of interest from community members in Newdegate, Lake Grace, Kulin and Hyden.

Support worker required for NDIS Participant.

\$60.00 per hour, travel negotiable.

8 – 16hrs per week, direct supports.

Have you heard of the NDIS? In communities where disability support agencies may be lacking, self-managed and plan-managed NDIS participants may purchase supports through private arrangements. Self-directed support also allows people the choice and control to lead their own lives.

Being an Independent Support Worker requires you to have an Australian Business Number (ABN). You are also responsible for managing your own insurance, tax and superannuation.

Disability support workers are committed to meeting the needs of people with a disability within the community by providing supports in relation to their NDIS goals.

For more information relating to this employment opportunity, please contact:

Free Rapid Antigen Tests for close contacts

The WA Government's free RAT program has expanded, with thousands of more free RATs available for collection for close contacts across regional Western Australia.

RATs will be available for collection at more than 70 additional regional COVID-19 testing sites across the state, in the Gascoyne, Goldfields-Esperance, Great Southern, Kimberley, Midwest, Peel, Pilbara, South West and Wheatbelt regions.

To access free RATs at these locations, people with no symptoms are required to verbally confirm they are a close contact to access their 10 free RATs. They may also collect RATs for other close contacts in their household up to a maximum of 30 RATs.

The additional locations support the testing protocols for asymptomatic close contacts who need to return a daily negative RAT. A full list of collection points can be read on the WA free RAT program page on WA.gov.au.

Free WiFi at the All Ages Precinct

The All Ages Precinct is progressing well and certainly an asset to our town. Did you know that it comes with free WiFi? The map below shows the area where you can now log into the "KSC-Public-WiFi". Simply tap on the network, accept the terms of use and tap "connect" to get guest access. Please note that depending on your devices the reception area may vary.

Put a sock in it?

In these days of digital media it is astonishing to think that only fifty years ago people used wind-up gramophones with the sound emerging from a large horn. A volume control was a thing of the future. So, when Aunt Mary complained of that dreadful Charleston noise there was only one thing to do - put a sock in it - literally.

One or more woollen socks were pushed into the horn of the gramophone to muffle the sound. Today it means, quite simply: "shut up".

A feather in your cap

If your boss said this to you it would mean that you had done something praiseworthy and had gone up in his estimation. It goes back to the days when the Red Indians were on the warpath. For every enemy a brave person killed he was allowed to add a feather to his head-dress.

Chocolat is the beautiful and captivating comedy from the acclaimed director of The Cider House Rules and is based on the best-selling novel by Joanne Harris. Nobody could have imagined the impact that the striking Vianne (Juliette Binoche) would make when she arrived in a tranquil, old-fashioned French town. In her very unusual chocolate shop, Vianne begins to create mouth-watering confections that almost magically inspire the straitlaced villagers to abandon themselves to temptation and happiness. But it is not until another stranger, the handsome Roux (Johnny Depp - Sleepy Hollow), arrives in town that Vianne is finally able to recognise her own desires.
