Kulin has come to life this week and town is the hive of activity. It is great time to be part of the community at a time when volunteers are busy getting things in order for the Kulin Bush Races.

The Shire Administration and Visitor Centre has been busy with tourists and volunteers getting their Kulin Bush Races tickets, ratepayers paying their rates and the CRC assisting Kulin Bush Races with their printing and promotional needs. Our works crew are busy assisting at the track. It is a real community effort which the shire is proud to support.

It is fulfilling to observe the hard work of many volunteers within an extremely progressive community who really know how to work positively and collaboratively to bring big plans together such as the renowned Kulin Bush Races. There is most certainly a great feel around the Shire amongst visitors and locals in town, with the weather and strong finish to the winter cropping season creating a positive feel across the community more broadly.

A bit of background on me. I have been in Local Government for over 30 years in a variety of roles commencing in administration progressing through the ranks to CEO. I have more recently finished 10 years with the Shire of Moora as CEO and close to 10 years before that as CEO with the Shire of Wickepin. I grew up on our

family farm east Wubin in the Shire of Dalwallinu. Over my journey I have maintained a very keen interest in rural and regional communities with a view to enhancing lifestyle and liveability in the communities in which I have resided.

Feedback from visitors has been very positive and our town looks magnificent and is well presented. Congratulations to all Shire staff on their work to having the town looking its best for this busy time of year.

The All Ages Precinct is certainly a hive of activity with people watching Shakey create the Kulin Bush Races mural on the basketball backboard wall. This will be a great addition to the streetscape of Kulin and will be great to observe the creation of the mural over the coming days. The Shire wishes to formally acknowledge and thank the Kulin Bush Races Committee for funding this project which will be another great attraction Kulin and the broader community has to offer for years to come.

For everyone attending the Kulin Bush Races I hope you back a winner and best wishes to the KBR committee and volunteers on a successful event.

Alan Leeson
 Acting Chief Executive Officer

ALL AGES PRECINCT MURAL

The 26th of September marked the start of a very exciting new edition to the All Ages Precinct. Shakey began a new mural on the basketball court neighbouring the pump track, below are some awesome progression shots of his work. We are SO excited to see the final result!

MEET SHAKEY

Jacob Butler (Shakey) is an independent artist based out of Fremantle. Jacob's tremor that remained prominent from birth branded him 'Shakey', giving him his new-found style.

Shakey's career began in 2013 when he first experimented with paint and colour whilst decorating a mate's hard hat. This simple act became the start of a new beginning for Shakey. Demand for his talent skyrocketed, with invitations to paint for galas, concerts, weddings, charity events and even internationally.

In 2020, a painting done by Shakey over 10 hours was televised, raising \$25,000, this highlighted the amazing dedication and talent that ultimately resulted in great success and benefit to many. In 2018, Jacob initiated his live wedding portrait business, showcasing not only the beauty of his work, but encapsulating the magic of the celebrations.

Jacob's story has been featured in the West Australian Newspaper, Channel 7 news and in a short film called 'Shakey's Story'.

This story is truly inspiring to many, and we hope that when you appreciate the art work on our main street done by Shakey in honour of celebrating the Bush Races, you also appreciate the little things in life, and are just as inspired by Shakey's story as we are.

citizenshipawards.com.au | Closing Date: 31 October 2022

Local Government Recognising Community Champions.

Australia Day Awards promote national pride, community responsibility and participation.

Auspire – Australia Day Council WA presents the Community Citizen of the Year

Your local government invites you to nominate an outstanding individual or group for one of this year's Community Citizen of the Year Awards to be presented on Australia Day 26 January. The awards foster, recognise and celebrate significant contributions to community life and active citizenship in all local government areas of Western Australia. His Excellency the Governor of Western Australia is the Patron and signatory for the awards.

Guidelines and criteria

Each year three local citizens and one local community group in each local government area will be eligible for the Community Citizen of the Year Awards. The recipients will be selected from people and groups who have made a noteworthy contribution during the current year or given outstanding service to the local community over a number of years through active involvement.

Auspire - Australia Day Council WA provides four awards each year for presentation in each local government area. These prestigious awards are provided to your local government for presentation during Australia Day celebrations.

Nomination Process

Your local government invites nominations for the awards from community groups and private citizens. At the council's discretion, a committee comprised of people from community organisations and citizens, will be appointed to encourage and promote nominations. The committee or your local council may also make nominations based on local knowledge and experience.

Nominations open on 1 September and close on 31 October and can be received in hard copy on the original nomination form or online at www.citizenshipawards.com.au.

Nominations received after the closing date will be ineligible for this year's awards.

The four award categories

- Community Citizen of the Year
- Community Citizen of the Year (Senior)
- Community Citizen of the Year (Youth)
- Active Citizen Award (Group or Event)

Selection Criteria

The winners will have been judged to have shown active citizenship and:

- Significant contribution to the local community.
- Demonstrated leadership on a community issue resulting in the enhancement of community life.
- A significant initiative which has brought about positive change and added value to community life.
- Inspiring qualities as a role model for the community.

Eligibility criteria

- Nominees should reside or work principally within the local authority making the award.
- Awards may be granted posthumously in recognition of recent achievements.
- Groups of people or couples will not normally be eligible except when meeting the criteria for a community group.
- A person may receive an award on more than one occasion in recognition of their particularly outstanding community contribution or involvement in an alternative initiative.
- Unsuccessful nominees may be nominated in future years.
- Nominations must be apolitical in their nature and should not in any way bring the awards program or local government area into disrepute.
- Sitting members of State, Federal and Local Government are not eligible.

KNOW YOUR FIRE DANGER RATING

The Fire Danger Rating System has changed. Know the changes – they could save your life.

A new nationally consistent Fire Danger Rating System has been created. It's now simpler, clearer, and it could save your life. The new System has four levels. Each level tells you how dangerous a bushfire could be if one starts and comes with clear actions to take. The higher the Fire Danger Rating, the more severe the bushfire could be.

Fire Danger Ratings are important because they provide people with information so they can take action to protect themselves and others from the potentially dangerous impacts of bushfires. Ratings are calculated using a combination of weather forecasting and information about vegetation that could fuel a fire. They do not indicate the chance of a fire occurring, although this is a common misconception.

What do the ratings mean and what should I do?

Rating	What to do?
No rating	<ul style="list-style-type: none"> On days when there is minimal risk, the Fire Danger Rating will be set to 'no rating'. Bushfires which start in these conditions are unlikely to spread in a dangerous or life-threatening way, but you will still need to remain alert and abide by local seasonal laws and regulations.
Moderate	<p>Plan and prepare Most fires can be controlled.</p> <ul style="list-style-type: none"> Stay up to date and be alert for fires in your area. Check your bushfire plan. If you do not have a plan, make one now.
High	<p>Be ready to act Fires can be dangerous.</p> <ul style="list-style-type: none"> There's a heightened risk. Be alert for fires in your area. If a fire starts, your life and property may be at risk. Review your bushfire plan. If you do not have a plan, make one now. Leave bushfire risk areas if necessary.
Extreme	<p>Take action now Fires will spread quickly and be extremely dangerous.</p> <ul style="list-style-type: none"> These are dangerous fire conditions. Put your bushfire plan into action. If a fire starts, take immediate action. If you and your property are not prepared to the highest level, plan to leave early. Avoid travel through bushfire risk areas
Catastrophic	<p>For your survival, leave bushfire risk areas If a fire starts and takes hold, lives are likely to be lost.</p> <ul style="list-style-type: none"> These are the most dangerous conditions for a fire. It may be too late to make a bushfire plan. Prepare your emergency kit and choose where you will go and different ways to get there. Stay safe by going to a safer location early in the morning or the night before. Homes cannot withstand fires in these conditions. You may not be able to leave, and help may not be available. <p>Don't leave it too late to make a bushfire plan. Get prepared for bushfire season and create or update your plan now.</p>

BUSH FIRES ACT 1954

SHIRE OF KULIN

Notice to all Owners and/or Occupiers of Land within the Shire of Kulin

PURSUANT TO THE POWERS contained in Section 33, you are hereby required on or before 31st October 2022 and thereafter up to and including 15th March 2023 to have a 3 metre firebreak clear of all inflammable material on all rural and townsite rural land owned or occupied by you:

1. Immediately inside all external boundaries of the land; and
2. In such other positions as is necessary to divide land into areas not exceeding 500 hectares, each completely surrounded by a firebreak; and
3. Immediately surrounding any part of land used for crop; and
4. Parallel to and within 100 metres of the perimeter of all buildings, haystacks and fuel ramps on the land; and
5. Immediately surrounding receptacles used for the storage of fuel, whether they contain fuel or not; the firebreak required to comply with this item shall be no less than 5 metres wide; and
6. Immediately inside land which has been bulldozed, chained or prepared for clearing by burning (whether you intend to burn the bush or not); the firebreak required shall be no less than 7 metres wide. Where the land is prepared for clearing by burning after 19th September 2022 you shall provide the firebreak immediately.

Townsites – area less than 1 hectare

All hazardous material must be removed from the whole of the land except living trees, shrubs and plants. In the remaining area all vegetation is to be maintained to a height of no greater than 100mm, and;

It is recommended that at least a 2m wide area immediately within the external boundaries of the lot, be clear of all flammable material except for living trees, plants and shrubs."

(Note: any land of one hectare or above - rural provisions apply.)

Firebreak Variation

If it is considered by the owner or occupier to be impractical to clear firebreaks to comply with this notice due to soil erosion, the spread of salinity or for any other reason, a request for a variation may be made to the Council no later than the 1 September of each year. Such a request must be in writing and include a detailed plan showing the proposed location of firebreaks or of the alternative fire protection methods to be used.

Harvesting Operations - Mobile Fire Fighting Units

An operational mobile engine powered firefighting pump unit with no less than 500 litres of water shall be in attendance during grain harvesting operations. If the unit is trailer mounted the trailer must be attached to a vehicle at all times during harvesting operations and the unit must be in the paddock, or adjoining paddock, where the harvesting operation is being carried out.

Automatic Harvesting Bans

A Harvest Ban will apply automatically on Christmas Day and New Year's Day.

Other Matters

If for hardship reasons, it is considered by the owner or occupier to be impossible to clear firebreaks required by this Notice, you may apply to Council or its duly authorised officer for permission to seek alternative options. Claimants of hardship, should do so with sufficient time to allow alternatives to be enacted. Claims of hardship does not automatically exempt OWNERS AND OCCUPIERS FROM THE REQUIREMENTS OF THIS NOTICE.

Bush Fire Brigade Protective Clothing

Do you require Protective Clothing for the Bush Fire Season?

A duty of care exists for a Fire Control Officer to ensure that persons attending an incident has appropriate PPE (personal protective equipment), the same responsibility rests with those attending so please ensure you wear the required clothing, otherwise insurance issues may arise.

As we head towards the start of Bush Fire Season, the Shire aims to be ahead of the game in placing another order to protective clothing - coats and trousers, supplied by Stewart & Heaton Protex as well as Honeywell 7600 face masks, provided by Scavenger Supplies.

The Kulin Shire cover the full cost of protective clothing and pay 50% of the cost of face masks.

Please email eso@kulin.wa.gov.au to receive an order form to place an order.

You must be a **registered member of a bushfire brigade** within the Shire of Kulin, and have not placed an order in the past 5 years.

Orders will be taken up to Friday 30th September 2022.

Vehicle Identification Stickers

The current stickers volunteer bushfire brigade officers have expire on 30 September. These are the stickers DFES recommends to allow timely identification of private vehicles and persons which can assist DFES in bushfire responses. The stickers are designed to enable passage of approved vehicles through the vehicle control points (road blocks) where approved by the Incident Controller. Appliances or machinery without a Vehicle Identifier sticker may be delayed or prevented from assisting in the response.

New stickers (valid to 30 September 2024) are now available from the Shire. Multiple stickers may be issued to persons with multiple suitable vehicles/equipment – one application form per vehicle is required.

An application form for a current Vehicle Identification Sticker needs to be completed. Please email eso@kulin.wa.gov.au to request an application, stickers can be mailed out once the application is processed at the Shire.
