

SHIRE OF KULIN - USER FEES & CHARGES For the financial year ending 30 June 2024

NOTES:

There are four categories of GST treatment for fees & charges which are as follows:

- | | | |
|---|----------------------------|---|
| 1 | Taxable | GST is payable on the supply made. GST is normally 1/11th of the price. |
| 2 | GST Free | No GST is payable on the supply of the GST free goods or services
An input tax credit may be claimed (via the BAS) for anything acquired (or imported) to make this supply |
| 3 | Input Taxed | An input taxed supply is not subject to GST and input tax credit cannot be claimed. Eg. Residential rent |
| 4 | Outside the Scope / Exempt | A fee or charge will be outside the scope of GST if it does not meet one or more of the elements necessary to make a taxable supply. Fees & charges outside of the scope of GST under Division 81 are more commonly referred to as 'exempt' |
