I have lived in the Dudinin district all my life growing up on the family farm south of Dudinin. After completing high school at Narrogin and attending boarding school for 5 years, I travelled overseas on an exchange program and then attended Muresk to complete an Associate degree in Agriculture.

Since finishing University, I have been involved in the Tincurrin Rural Services business for nearly 25 years as well as managing our family farm with my wife Lauren and two children Stella and Deacon. I currently sit on the Kulin District High School Board as chair, President of the Kulin Junior Football club and President of the Dudinin Tennis club.

At age 45 I am keen to contribute more to the Shire of Kulin and represent the wonderful community that we currently have. If elected to the council I am enthusiastic to promote the districts of Kulin along with attracting/maintaining viable business opportunities to service the area. Continual improvement of facilities in our town and across the shire is also an important purpose of mine to ensure we continue to attract new people to our districts and provide opportunity for our younger generations to come.

Regards

Clinton Mullan
