I wish to nominate for the 2023 Local Government Election for the Shire of Kulin.

It has been a privilege to serve on council for the past nine and a half years and be part of a proactive team who make decisions to benefit the community.

I have been married for forty seven years and live on a farm near Kulin where I have been involved with the family farming business. I have actively volunteered with local sporting clubs and community groups in Kulin.

If elected to council, I will continue to advocate on a range of issues affecting our community and businesses. Locally, areas of interest I will continue to pursue include; tourism, child care, aged care, medical services, provision of affordable amenities and maintenance of infrastructure and roads.

I am keen to continue in the role of councillor and serve the vibrant communities within the Shire. I urge electors to cast their vote in the 2023 Local Government elections.
