I'd like to nominate as councillor for 2023 local government election for the Shire of Kulin.

I've been farming in the Kulin shire for the last 20 years. I grew up on my family farm 30km southwest of Kulin.

My wife Melissa and I have 3 children who attend KDHS, where Melissa happily works as School Officer.

The Cultivating Kulin Committee have given me a great opportunity to manage the cropping program along with another community member, which raises money for various community projects, which is something I'm passionate about and thoroughly enjoy.

My family is also involved in various sporting clubs and the Kulin Bush Races.

I'd like to nominate myself as a Shire Councillor to extend my involvement with our community and contribute ideas, to help it continue to be an exciting and progressive shire for current and future generations.
